THIRTY-SEVENTH YEAR, NO. 29.

EFFORT TO HALT MOTOR FREIGHT CO. LINES TO COAST NOT SUSTAINED

Chancellor McGehee In Hancock County Chancery Court Recognizes Company Doing Interstate Business Only—Company Meets Weight Requirements

Mississippi Coast citizens and officials interested in stopping the operation of freight hauling motor trucks of the Gulf Motor Freight Lines, a New Orleans concern, over the main highways and bridges of the coast section, failed in their efforts to stop said motor trucks from operation in the hearing Monday held at Bay St. Louis in the Hancock county court house before Chancellor Harvey McGehee of Clarksdale who was on the bench in the absence of Chancellor V. A. Griffith, who is a candidate for Supreme Court Judge of Mississippi and who is pursuing his candidacy. The state attorney general gained a technical victory however when the Chancellor signed a decree enjoining the motor freight company from operating trucks of more than six tons capacity, one of the ends sought by the attorney general in his petition for restraining order which had been filed two weeks ago in Gulfport. This decree will not keep the trucks from operating as heretofore, it was said, as the officials of the concern declared in their testimony at the hearing that the trucks which they had been operating were none of more than three and a half tons capacity and the trailers not more than three tons capacity. In fact, the defendant company made very little fight against the restraining order on this ground.

Maintaining that they were not engaged in interstate business, but holding that the activities were solely interstate in character, they made no fight against the attorney general's demand for an order enjoining them from doing interstate business as a common carrier pending the obtaining of a certificate of "necessity and convenience" from the Mississippi Railroad Commission which was also incorporated in the decree.

An agreement was quickly reached relative to the posting of a bond by the defendant in the sum of \$10,000, covering injuries and damages that might arise within the state due to the defendant's negligence, accruing to persons or property as a result of the operation of the freight trucks in Mississippi with the said bond to be for the use and benefit of any person who may sustain injury or damage.

An order was also issued by the chancellor quashing an attachment writ which had been issued with the temporary restraining order and instructing the sheriff of Harrison county who has been holding one of the defendant's trucks since July 5, to release it from custody.

To Continue Operations
The restraining order preventing the company from doing any interstate business will not effect them in the least, it was claimed here as the freight hauling by the concern originating in Mississippi is delivered in Louisiana and vice versa, thus making the business purely interstate.

It was also claimed by the defendant in its answer to the attorney general's bill of complaint, charging them with operating as a common carrier that such was not the case. Only contractual business was accepted, it was averred.

The hearing at Bay St. Louis was a postponed affair, having been originally scheduled to be heard in Gulfport a week ago where the temporary restraining order was filed and one of the Gulf Motor Freight Lines trucks was attached.

E. C. Sharp, of Jackson, special counsel for the state attorney general, presented the case for the state, while the defendants were represented by Leathers and Sykes, Gulfport law firm.

EMERICK OF McCOMB HEADS STATE PRESS ASSOCIATION OF MISS.

Pencil Pushers Adjourn Annual Meet On Miss. Coast Meet at Columbus '29

J. O. Emerick of the McComb City Enterprise was unanimously chosen president of the Mississippi Press Association at its annual convention in Gulfport Thursday, Friday and Saturday of last week, and Columbus was selected as the next convention city by this body.

Other officers elected follow: H. H. Crisler, Sr., of Port Gibson, vice-president; T. M. Hederman of the Jackson Clarion Ledger, second vice-president; R. L. Brown, Jackson, re-elected secretary for a four year term; C. A. Neal of Carrollton, treasurer; S. J. Owen of New Albany, re-elected chaplain.

All of the sessions of the convention were held in the roof garden of the Hotel Markham. Special features of the convention were the following: address on "The Influence of the Press on the Development of Commonwealths," by Ex-Gov. Chas. H. Brown of Arkansas; discussion of the State Printing Plant, led by Hon. J. B. Snyder, Jr., editor and member of the House of Representatives; and a report on the Mississippi Railroad Commission.

Friday to view the regatta at Pass Christian and visit nearby islands, and an automobile ride along the coast Saturday.

HANCOCK CHANCERY COURT GRANTS TEN DIVORCE PETITIONS
Chancellor Harvey McGehee Sets Couples Free—Land and Other Cases

Chancellor Harvey McGehee of Clarksdale, sitting as interchange judge in Hancock county the first three days of this week, granted a total of ten divorces.

The decrees granted Monday follow: Mrs. Margaret Jackson vs. Elmer Forest Jackson, white; Charles Peters, Jr. vs. Louise Peters, colored; Adele Laurent vs. Victor Laurent, white; Eva Kuyendoll vs. George Kuyendoll, white; Louise Ida Graves vs. Benjamin Coda Graves, white; Virginia Carey Sparks vs. Robert Sparks, colored.

Tuesday's decrees follow: Justina Ladner vs. Joseph Ladner, white; Lillian Tomasich vs. Wm. Tomasich, white; Orville Partridge vs. Maggie Partridge, white.

Wednesday divorce decrees were granted in the case of Mary Loicano vs. Anthony Loicano.

Several land cases for the clearing of titles and designating ownership came before Chancellor McGehee and several guardianship and estate cases were heard.

COUNTY HAS MANY VIEW HANCOCK CO. SECOND OF SERIES OUT-BOARD MOTOR RACES ON BOARD MOTOR RACES ON SUNDAY UNUSUAL EVENT

Beautification Contest Is On For Hancock—Harris Urges For Dairy Products

Beginning in June and continuing until September 15, the county is conducting a general beautification contest which will close with an inspection of premises, the inspection to be made by County Health Officer, Dr. C. M. Shipp and County Home Demonstration Agent, Miss Mayme O'Don, under whose direction the contest is being handled.

Reports at the meeting Friday showed keen interest in the progress of this contest with many residents improving their homes and grounds.

Speakers From Bay St. Louis.
Three speakers interested in the community organization members at the meeting. C. Greer Moore of Bay St. Louis, secretary of the Chamber of Commerce, complimented the people on their progress and assured them of the cooperation of the people of the Bay in any project which they should undertake.

Dr. D. H. Ward of Bay St. Louis spoke of his pleasure in learning of the successful health work which the people of the community are forwarding.

Harris Speaks For Dairy Products.
H. I. Harris, agricultural agent with the Pearl River County Bank of Piquette, addressed the gathering on the subject of dairying. An effort is being made by the bank to represent to enlist 120 farmers who will each keep five cows, so that sufficient milk products will be raised to warrant the opening of a creamery at Piquette which shall be assured of continuous supply of milk. He was assured that the people of Lee Town will do their part in cooperating in this development. He told the farmers that it was hoped in the future to establish a cold storage at Piquette for the care of products and this announcement met with favorable comment among the farmers who will thus be enabled to market otherwise perishable products.

Miss Mayme O'Don, home demonstration agent, who has been aiding in the establishment of the community organizations in the county was present to assist with the program.

BAY ST. LOUIS IS HEAVY SPENDER FOR CITY PUBLICITY

Eighteen Thousand Dollars Given As Amount Expended For Year 1927

The National Bureau of Advertising publishes a page article in "Editor and Publisher," a New York weekly publication, showing expenditures made by different cities over the United States for advertising during the year 1927.

Under heading of Mississippi, Bay St. Louis heads the list with \$18,000 spent for community advertising, with Biloxi next at \$4,000; Gulfport \$4,000 and Hattiesburg \$200. This cost we understand includes money spent by private individuals for the municipality or section in which they live.

The total sum spent by the nation for last year is \$1,200,000. Los Angeles tops the list with \$165,000.

Prominent Resident Passes Away at Bay.

Mrs. Alma C. Maine Capdeville, wife of Christian Capdeville, of Bay St. Louis, passed away suddenly Tuesday morning at 7:50 o'clock at her home on Ulman avenue, following a few hours illness she having been taken ill during the night.

She was 42 years of age. She had been born in Baton Rouge and the family had resided here for several years.

Mrs. Capdeville is survived by her husband, Christian Capdeville, a real estate and insurance man, two sons, Christian, Jr., and Paul, and one daughter, Alma.

The body was shipped to New Orleans and the funeral was held from the home of A. Capdeville, brother-in-law of the deceased at 8016 Belfast street, Wednesday morning, 10 o'clock. Mass of requiem was said at Saint Rita's church. Interment was in St. Louis cemetery No. 2.

Mrs. Capdeville was connected with prominent Louisiana families, her husband's father having been one time Mayor of New Orleans and former State Auditor of Louisiana. She is mourned by a large circle of friends and relatives.

BAY ANNUAL REGATTA IS NEW IDEA

Entries From New Orleans and Along Coast Make For Ideal Event—Winners

Bay St. Louis was host to the largest crowd that ever witnessed a regatta here when the seventh annual regatta was held by the Bay-Wave-land Yacht Club last Saturday. This day of racing completed a five-day coast regatta, Tuesday and Wednesday at Biloxi, Thursday and Friday at the Bay. Racing boats from the entire coast area including the New Orleans sportsmen participated in the racing, bringing their boats to the waters of the Bay from the Pass.

The city was in gala attire for the race, the interior had been closed at noon by proclamation of Mayor Thas. Traub, Sr., and the city commission, and the entire populace served as hosts to the many visitors who came from three states.

With a six-knot breeze from the southeast the regatta got under way with the starting gun at 2 o'clock. In the cabin sloop race for women rig the Robin Hood IV of New Orleans owned by Beard and Ravenack and sailed by Leslie Beard won over the Quakeress III owned and sailed by W. N. Kinnebrew of New Orleans.

The 21-foot gaff rig cabin sloop race was won by the Circe, owned by Aschaffenberg and Porteous of New Orleans and sailed by Douglas Porteous.

In the 14 to 16 foot rating the Mystery, sailed by W. C. Keady, Jr., of the Princess, sailed by John McDonald, Bay St. Louis and the Mary Louise, sailed by A. T. Leonard of Bay St. Louis.

In the 14 and under rating for cat boats, the client, owned by Scott Eustis of New Orleans, sailed by Bay St. Louis, won over the Arrow, sailed by Miss Betty Keenan of New Orleans and the Spirit of St. Louis, sailed by Horace Leach of New Orleans.

The 14 and under rating for cat boats, the client, owned by Scott Eustis of New Orleans, sailed by Bay St. Louis, won over the Arrow, sailed by Miss Betty Keenan of New Orleans and the Spirit of St. Louis, sailed by Horace Leach of New Orleans.

HANCOCK CO. SECOND OF SERIES OUT-BOARD MOTOR RACES ON BOARD MOTOR RACES ON SUNDAY UNUSUAL EVENT

Breath & Cue, Sponsors of Outstanding Event, Attract Thousands to Shores of Bay St. Louis From All Sections C. A. Breath, Jr., Again Wins In 25-Mile Race

Lee Town is to have a rural park, this only one in a rural community in this section. The park was undertaken as a major project for the month of July by the community organization at its meeting held Friday night at the Lee Town school building. Through the kindness of Roger Lee a tract containing between three and four acres has been loaned for the use of a park. This park space is located one mile south of the school building and is one of the prettiest spots in the county. It contains a natural pond and some very beautiful trees.

Date Set For Beginning Work.
The last Thursday in July has been set aside as an all day working by the men and women of the community to clear this park of underbrush, install benches, hang swings and prepare the park for use, doing some landscaping in the way of planting flowers and shrubs.

It is planned later to erect a pavilion in the park where community meetings can be held.

Survey For Drainage.
A second project of the community organization for the month of July is to make a survey of all homes in the community for purposes of furthering lateral drainage and sanitary conditions.

Health Goal Set.
A report of the work of the organization for June was given showing that areas in the health work the school had been set to have two homes screened during the month a total of four homes had been screened.

DATES FOR SCHOOL OPENING SELECTED BY SCHOOL BOARD

Aug. 10 or Sept. 7 Selected For County School Opening—Negro Schools Aug. 29

At a meeting of the Hancock county school board held last Friday, 10 o'clock, in the office of County Superintendent, D. J. Everett, at the court house, it was decided to open the white county schools on one of two dates, either August 10, or Sept. 7. This date was set so that a standard opening date could be arranged for all schools. The date for the opening of all negro schools in the county was set as August 29.

The compulsory school attendance term begins Monday, October 29. The law allows for all children of school age to attend school at least four months of each school session.

There were present at this board meeting Harry Hall, secretary, best 1; W. E. Thigpen, best 2; Theo. Nease, best 4; and ex-officio president, D. J. Everett. Members absent from the meeting were: R. W. Lee, best 3 and R. J. Ladner, best 5.

Bay City K. P. Install Officers at Gulfport.

The recently elected officers of the Seaside lodge of Knights of Pythias No. 214 of Bay St. Louis were installed Monday night at a joint installation of officers of the Gulfport, Biloxi and Bay St. Louis lodges held in Gulfport. H. D. DeSaussure of Gulfport, district deputy grand chancellor, presided as installing officer and was assisted by W. E. Garrett as grand master at arms and O. J. Power as grand prelate.

The officers of the Bay St. Louis lodge who were installed follow: T. E. Kellar, chancellor commander; Cyril Syfield, vice-chancellor; J. E. Erwin, prelate; Geo. Schoonmaker, master of work; H. W. Driver, master at arms; C. J. Mitchell, keeper of records and seals and master of finance; J. J. Fordin, master of exchequer; J. Drake, inner guard and George Vairin, outer guard.

After the installation ceremonies were completed an informal program was enjoyed at which talks on the order were given by M. D. Brown, vice-chancellor of the Gulfport lodge; Rev. F. S. Dodge, pastor of Grace Memorial Baptist church, Gulfport. At the close of the program refreshments were served.

A large number of members, their families and visitors from all parts of the coast were present at this very successful joint installation meeting, in which the leading precepts of the order were given, brotherly love, friendship and charity.

BENEFIT DANCE.
The public is cordially invited to attend a benefit dance given at the W. O. W. hall, Saturday, July 28. Music will be furnished by Kid Sautier's New Orleans Boys. The benefit is for a worthy charitable cause, and all who will enjoy a good dance and pleasant evening are urged to be present.

JUDGE V. A. GRIFFITH AND OTHERS HAVE UNIQUE CAMPAIGN

Candidates Not To Speak In Home Counties—In Hancock Monday, July 30

A unique agreement was made by the three candidates for the supreme court judgeship of the South Mississippi district, Chancellor V. A. Griffith of Gulfport, Chancellor R. W. Cutrer of Magnolia, and Judge Pack of Laurel, providing for an itinerary of joint speaking dates and of the curtailment of all illegitimate campaign expenditures. This agreement was entered into by the three candidates Friday of last week. A striking feature of the agreement is that no speaking dates have been arranged in the three home counties of the candidates, Harrison, Pike and Jones.

The schedule for speaking dates begins July 18, at Wania, Lawrence county and closes Saturday, August 18, at Hattiesburg.

Two speaking dates will be filled in Hancock county, Monday, July 30, when the candidates will speak at Logtown, 10:30 a. m. and at Bay St. Louis that night at 8 p. m.

CITY WATER GIVEN LABORATORY TEST BY STATE CHEMIST

Analysis Sent to County Health Officer C. M. Shipp by His Request, Fine.

A recent official test of drinking water from the city of Bay St. Louis submitted to the Bureau of Sanitary Engineering, Mississippi State Board of Health, at Jackson, by Dr. C. M. Shipp, Hancock county health officer, is of most favorable result.

Director H. A. Kroeger says "these results show the three samples of water from the city supply to be free from any trace of contamination and indicates that the water is of excellent sanitary quality."

Sample No. 76, taken from the municipal pier, also shows no trace of contamination. This is especially good for bathing water.

Bacteriological examination:
Numbers 763 764 765 766
Bacteria: 3 0 0 0
24 hours 80 110 20 130
48 hours 10 c. c. Neg. Neg. Neg. Neg.
Pt. of coll. Well Well Well M.P.

Dr. Shipp reports this analysis of value and interest and stamps the water of this section excellent.

FACTS, FIGURES ABOUT HANCOCK CO. SEA WALL SUBJECT MUCH INTEREST

Road Construction Following Completion of Wall—Later 9.44 Miles, 24 Feet Wide—Approximate Cost \$355,000—Over 1000 Lineal Feet Already Poured

The seawall in Hancock county which has been under construction for the past year is completed, all steel having been put in place and concrete poured about a month ago and all the sand filled in behind the seawall except about 50,000 cu. ft. which is now being pumped in and which should be completed within three weeks. The new seawall is 8.70 miles in length and this with the old wall-gives a total of 10.42 miles of seawall in the county along the Bay and Sound front from Bay St. Louis' northern limits to Lakeshore.

The total seawall construction cost approximately \$805,000, bonds for which were sold by the county and are being retired from the gasoline tax which was legalized by a bill introduced into the Mississippi legislature by Hancock county representatives. A total of \$34,176.87 was spent repairing the old seawall.

C. F. Lytle secured the general contract for the construction of the seawall and sublet to the Coastal Construction Company the contract to fill the fill behind the wall. J. W. Billingley, consulting engineer of New Orleans, drew the plans for the seawall and appointed J. C. Nisbet of

Bay St. Louis was the scene Sunday of the second of a series of outboard motor boat races, starting at 3 o'clock on the course north of the traffic bridge, before the largest crowd yet to attend these races. Spectators lined the beach drive from the center of town to the point, with thousands standing on the traffic bridge. Extra policemen were necessary to keep traffic moving on the bridge and on the beach drive.

These races were fostered by Breath and Cue, agents for Johnson motors at Bay St. Louis, who had also fostered the former races. Sportsmen from all parts of the Coast were interested in the races, entering their racing boats.

In the class B race Donald Sutter, of Pass Christian, won in his boat the Two and a Half, over the Baby Flea, owned and driven by Stanley Barthe, Jr., of Biloxi. This race was four rounds on the course for ten miles.

In the class C race the Havoline IX, owned by Walter Taylor of New Orleans and driven by Mike Wohlolt, won over the Pat, owned and driven by Warren Herron of Pass Christian. This race was ten miles or four times around the state.

The big race of the day was the free-for-all or unlimited class which was 25 miles or over the course ten times. This event was won by the Mercury, owned and driven by C. A. Breath, Jr., of the Bay. Second place was won by Havoline IX, wife of the class C race, captained again by Mike Wohlolt. The Red Gold, owned by Louis Gorenflo and E. R. Weaver of Biloxi and driven by Willie Dale, won third place. There were several other entries in this race.

The Mary Anne, a handsome cruising yacht, owned by young Horatio Weston of Logtown, was used by C. A. Breath, Sr., Emilio Cue and Grady Perkins, judges and officials, as the judges boat. The Duvic yacht of New Orleans which was to have been the judges boat failed to arrive and Mr. Weston courteously loaned his boat.

In the class G race and in the unlimited race the boats traveled at a speed of 30 miles an hour.

Trophies for the class B race were donated by the Bay Furniture Company and the Riviera Furniture Company, both of Bay St. Louis.

Trophies in the class C race were donated by the Gulfport Furniture Company of Gulfport and the Newman Furniture Company of Biloxi.

Trophies for the 25-mile race were donated by Gluck Restaurant of New Orleans, Bay Chevrolet Company of Bay St. Louis and Duvic Sons of New Orleans.

These trophies were awarded at the close of the races.

"Mary Anne" Handsome Craft.
Young Horatio Weston, of Logtown, whose cruising yacht, the Mary Anne, was used as a sloop judges' boat, won many compliments for his magnificent craft, one of the finest ever to strike southern waters. Mr. Weston recently piloted the "Mary Anne" over Lake Pontchartrain out into the waters of the sound and up Pearl River to Logtown.

The management of the races Sunday were loud in their praises of the beauty of the Mary Anne and appreciative of the fact Mr. Weston so readily and generously tendered its use to the officials.

Mr. Perry has served as superintendent in charge of the dredging work for the Coastal Construction Company and with two dredges of this company is completing the fill.

Material Used.
Through the courtesy of Mr. Nisbet some interesting figures of material used in the construction of the new seawall were obtained.

A total of 26,800 cu. yd. of concrete were used. Cement, to the amount of 47,600 barrels or 190,400 bags were used. The steel used totaled 3,375,000 lbs.

Road to Be Constructed.
A second county project of material used.

CLUB MEMBERS FROM OVER CO. ATTEND 4-H CLUB SHORT COURSE

Bay, Catahoula, Caesar, Flat Top, Kiln and Lee Town Represented—Lectures and Demonstration Various Subjects Prove of Interest and Value.

The annual 4-H Club Girls Short Course for club girls of Hancock county was held in Bay St. Louis, Tuesday, Wednesday and Thursday of this week at St. Joseph's Academy, which the Sisters so kindly loan each year for this encampment. Miss Mayme O'Don, county home demonstration agent, is in charge of this short course. She was assisted by Miss Martha Moore Causey and Miss Ellen McDevitt, both of Gulfport and both students of Mississippi College for Women, and Mrs. Luther Lee and Miss Grace Lee, of the Lee Town communities. Miss Causey directed the work in arts and crafts and Miss McDevitt directed recreational activities. Mrs. Lee assisted with the demonstration and Miss Lee assisted with the club work.

Seventy clubs from the county were represented in the short course, each of the 32 girls attending having

earned her privilege of being present by completing the necessary notebook work and required sewing and cooking work, much of which was done in the various communities in the camps which Miss O'Don conducted this spring. Clubs represented at the encampment were: Bay St. Louis high school, St. Joseph's Academy at the Bay, Catahoula, Caesar, Flat Top, Kiln and Lee Town.

There was placed on display at the convention an excellent exhibit of the work in sewing done by the girls as club projects.

Each day was carefully planned so that definite program was pursued, from the registration Tuesday morning at 9 o'clock until the closing of the camp Thursday afternoon at 4 o'clock. Tuesday morning's program included arrangement of club activities, demonstration of arts and crafts, taught by Miss Causey, and welcome

For Highway Commissioner

Sixth Congressional District

JULIUS MOODY, of Poplarville

Some hicks measure a town by its filling stations.

Speaking of optimists, meet the real estate agent.

Occasionally, one finds a flapper who is able to un-
blush.Few men notice women's eyes these days of watch
and see.The so-called balloon race are as foolish as the old
balloon trouters.The best way to make a lot of money is to work for
it and begin young.When the doctor calls a conference that's the sign
of a sick, or rich, patient.Cheer up, hot boys, it will be fall soon, and if fall
comes winter will follow.Here's news: a Los Angeles woman wants to turn
loose a millionaire husband.If autos continue to run wild the race will soon de-
velop kangaroo legs.Even a good neighbor objects to feeding somebody's
chickens out of a growing garden.Correct this sentence: The office holder said he
would resign rather than support the nominee.The most important thing that will happen in hun-
dreds of towns this week is a baseball game.There is more junk noised around about state rights
than upon any political subject since the late war.Many a man who is unable to wake up early enough
to go to church can rise with the sun for a hunting
trip.When one aviator gets lost other aviators play the
old game of "tag" by getting lost while looking for him.No child should be compelled to make friends with
unmuzzled, stray dogs, whose owners will not take
care of them.Well, it is come to the worst. We see where the old
souvenir post card is about to have another spasm of
popularity.Unless some method is developed to furnish parking
facilities in large cities there will be no use to visit
them in automobiles.The man who used to keep his children home at night
now has a grandchild who keeps him home while the
parents go out.The man who is so nice in public sometimes raises
h—l at home, and, then again, turn it around because
it works that way too.To the young man who wants to know how to save
money we will say that all advice may be summarized
in one word: "Save."There are men in this country who do not believe
that whiskey is an issue in the campaign; they insist
that it is beverage.There are people in Bay St. Louis who pay all debts
before their church debts; others pay their church
first. Which are right.If the average sweet young thing lives like the av-
erage novel says she does it is a good thing that some
of them work in the dark.We see where a bond salesman asks \$1,100,000 dam-
ages from the man who "stole" his wife. She must
have been a valuable wife.The head of the average house has to be a banker
these days, what with keeping up on the installments
on the radio, auto, mortgage, et al.Our extra slice of pie for this week is awarded the
garage man who said he really didn't know what was
the matter with the automobile.We hope these paragraphs are enough to fill out
weekly stint. If they fail to do the work in proper
measure we suggest that dissatisfied readers of this
rag of freedom take a lead pencil and write a few for
their own reading.The one thing that the average citizen of Bay St.
Louis knows less about is his own body. He can tell
you why his car won't run but when his body goes
wrong he gets the blues and the grouch without know-
ing where the trouble is.**THE NOBLE DISASTER**The passage of time confirms the great loss of life
that followed the wreck of the Italia, in the polar
region. After several successful flights the big dirig-
ible, weighted with ice, plunged to earth, where it
crashed loose from its structural parts and carried
away to death, six members of the crew.Of the others, one was killed with the impact, three
were lost seeking land, five others are marooned on the
ice, where they await slow rescue. Gen. Noble has
been saved, but nine brave men who went to the work
of rescue are missing. It is the greatest tragedy in
modern polar exploration.**A MARKER WOULD BE
APPROPRIATE.**For purposes of identification, historical indenture
and as a mark of appreciation that those who follow
may read and learn, every public building or material
work meaning something to a community and its peo-
ple, a monument or marker of some kind in tribute is
reared, and it is well such thing is done. It is not
only just and fitting that we thus commemorate the oc-
casion where constructive genius and those who give
their administrative services without price and pay,
but for the exemplary example and influence that fol-
low.From the time of the pagan down, all through the
ages, man has left his mark, his impress, as it were,
on colossal accomplishment. The pyramids were built
for a purpose, to mark the burial place of kings, and
even here we find hieroglyphics like in other places,
echoes of a dead age that man of science, learned in
archaeology are called upon to decipher.In our own Bay-Waveland section, meaning so much
to every man, woman and child, a great project has
become a reality and is nearing completion, involving
an expenditure of over one million dollars. Here we
find true genius has again triumphed. Seemingly the
impossible has been accomplished. An apparently
hopeless task is about to be finished, and in just trib-
ute to men who evolved the scheme, how it could and
should be done there should be a marker, a corner
stone, bearing the names of every man connected with
the seawall and permanent roadway, from its very
inception at the time it was introduced in legislative
halls to the time when Roadway Commission accepts
the project as an accomplished fact, created and de-
livered.False modesty should not preclude conferring this
"honor to whom honor is due." As a duty it should be-
hoove the Board of Supervisors to have such marker or
cornerstone set within the recess of the wall's concrete
face, at some given and suitable point, and thereon
should appear the name of men—who have given their
talent and time—and not forgetting the name of Bil-
lingsley, an engineer whose name will not so soon per-
ish with time, as well as the names of the members
of the Board of Supervisors, headed with the members
of the Hancock County Roadway Commission.Our bridge span across Bay St. Louis is a great
accomplishment, but to what purpose this and other
monuments of local enterprise but to serve for naught
if by time and erosion, in the absence of the great
seawall and road protection structure is our shores
representing millions of dollars of value, were allowed
to slip and vanish away in the wake of wind and wave?**"OLD SPANISH TRAIL."**So much has been said of late of the condition of
the Old Spanish Trail as impassable and dangerous;
that this condition has been cause for keeping away
many autos and visitors from visiting this section, it
is well now, in justice to all concerned and as a matter
of information to state this roadway has been rehabi-
litated and is again in splendid condition.The Old Spanish Trail, an appellation that arouses
romantic memories of Old Spain and the Padres who,
history tell, "trailed from the shores of Florida,"
through this section, on to Texas and finally to Califor-
nia, where mute but eloquent evidence is found in many
piles of masonry, arched windows and doors, and tow-
ers where the cross pointed heavenward, is an integral
artery of travel to this section, and its use by thou-
sands recurrently emphasises all the more its impor-
tance, necessity and general value.Our friends from New Orleans particularly and from
other sections need not hesitate to use the Trail. It
has been reconducted, and in time, we are impelled to
believe by "forthcoming events casting their shad-
ows" a permanent hard surface of concrete mixture
will give it adamant permanence.**WANTED: CLEAN CAMPAIGNS.**Few American citizens desire dirty politics. The
average voter wishes, clean, clear cut campaigns, with-
out personalities or abusive argument.This applies not only to the national campaign but
to state and local races as well. The candidate who de-
scends to cheap abuse does not deserve your vote be-
cause his temperament is entirely unfit to represent the
community he is supposed to serve. He will reward
friends and punish foes which is not the ideal office-
holder for a government which is supposed to operate
for the benefit of the people.Intelligent voters, however, discriminate between
personal abuse and legitimate criticism of official mis-
conduct. Any candidate has the right, (and duty),
to speak out plainly regarding the shortcomings of his
opponents. Only by a clear cut statement of abuses
and misdeeds can correction be administered. No in-
telligent man or woman in Bay St. Louis will be misled
by the artful howl of a corrupt politician, who, when
his official record is hung out to public view, begins
to whine about "personalities" and "clean campaigns."**STRIKES AND FARMERS.**The pilots of an air service in Europe recently
struck to secure higher wages. This is said to be the
first strike of aviators in the history of the world.After witnessing what organization has done for the
advancement of the condition of laborers throughout
the world other disorganized social units are beginning
to think. Even the farmers are wondering if the lock-
out, strike and boycott might not have analogous wea-
pons that agriculturalists might use effectively.The Echo hardly expects to see anything like a strike
on the part of the food producers of the nation. At
the same time, the big operators never expected that
the labor movement would ultimately talk straight to
them. The farmers are beginning to demand consid-
eration. If they are not listened to, within reason, they
will consider means to make their "requests" effective.**GIVES MONEY TO ENGLAND.**American citizens, of a type sometimes seen in Bay
St. Louis, will be amazed at the gift of \$2,500,000 to
the British Government by the parents of Elsie McKay,
the young woman who lost her life in attempting the
fly across the Atlantic ocean in March.This is not the first time that British citizens have
seen fit to give substantial sum to their government.
It is a phenomena unknown in this country, where there
are so many substantial benevolences to other public
institutions.The Sea Coast Echo has to admit that there is some-
thing to patriotism which impels men and women to
voluntarily give large sums in order to help the nation
pay its war debts.If the average young couple would take care of their
own marriage they would not have to worry about the
divorces that other people get.People who wish to trade out of Bay St. Louis will
probably be glad that catalogs come in cheaper than
ever, under the new postal regulations.**This Week.****A Real Fighter****Enjoy An Auto Now****Discourage Criminals****Man Is Selfish**

BY ARTHUR BRISBANE.

(Copyright, 1927)

Senator Jim Reed, who says he
leaves the Senate next March, to
practice law, should change his mind.
Others can practice law as well as he.
Few can put important truths with
emphasis such as his.Have you read what Reed said, de-
nouncing the League of Nations in
1919?"I decline to set up any govern-
ment greater than that established
by the fathers, greater than that
baptized in the blood of patriots from
the lanes of Lexington to the forests
of the Argonne, greater than that
sanctified by the tears of all the
mothers whose heroic sons have gone
down to death to sustain its glory and
its independence. I decline to set
up any government greater than the
government of the United States of
America."Thanks largely to Reed's good fight
ing the wishy-washies did not suc-
ceed in dragging their country into
a European super-government. Such
a man ought to be in public life,
fighting to his last day.In big cities hundreds of thous-
ands go for their holiday in auto-
mobiles. A philosopher said, "Most
of the cars are not paid for. In thou-
sands of cases they represent money
that might have meant independence
in old age."The automobile represents money
spent for health, pleasure and time
saving NOW. Not one in ten is re-
ally independent in old age, nor was
he before automobiles came.Better buy a car, enjoy it, and use
the added health and time saved to
work for independence. No car,
wisely used, ever made a man poor.Rear-Admiral Bradley A. Fiske of-
fers a suggestion to discourage crim-
inals.The automobile is the criminal's
"getaway." He and his up, runs a
store, shoots down objects, jumps
into his automobile and is gone.Rear-Admiral Fiske suggests that
following an automobile hold-up all
auto traffic be stopped in the city
streets."I suggest that the police sound
three or four whistles, all policemen
hearing it to pass it along. Traffic
would stop, cars would be searched.
Any man ignoring the signal would
be identified as a criminal."On warships, says Admiral Fiske,
when men get out of control the
bugler sounds "Attention!" Every
man then stands where he is or
proves himself mutinous.Bolshevism gave peasants the land,
taking it from worthless nobles.
That suited the peasants.
Then Bolshevism told the peasants
how much they might charge for their
crops, how much they must bring to
the cities, etc. That did NOT suit
the peasants. They cut down wheat
acreage, causing dangerous shortage,
and Russia is looking everywhere for
cash wheat, with immediate delivery,
and ships to carry it.You cannot safely interfere with
man's most important mainspring,
which is SELFISHNESS.Hope springs eternal. And, fortu-
nately for human beings, a majority
of us "listen with credulity to the
chime of fancy and pursue with
eagerness the phantom of hope; ex-
pect that age will perform the prom-
ises of youth, and that the deficien-
cies of the present day will be sup-
plied by the morrow."In Reno, Cornelius Vanderbilt,
Jr., recently divorced, married a
charming lady, divorced the day be-
fore.In this country we have one auto-
mobile for every five people. Every-
body can ride at the same time.Abyssinia, with the fewest automo-
biles, has one car for every 91,743
people.The 1,900,000,000 human beings
on earth have 29,700,000 automo-
biles, 24,000,000 of them in the United
States. We certainly are prosper-
ous.**WHITE MISSISSIPPI.**In spite of the wishes of Herbert
Hoover and the "equal rights" howl-
ing of Perry Howard, Mississippi will
not accept the negro as the equal of
the white.Two weeks ago Perry Howard is-
sued a biggity, bellicose statement in
which he bragged that his black and
tan delegates to the Grand Old Par-
ty Convention had been seated by
Hoover adherents. Loudly he pro-
claimed the recent ruling abolishing
segregation of whites and blacks in
Hoover's department to be "the most
forward step of any cabinet member
in recent years," adding that "no
member of 'our race group' can fail
to support the Hoover-Curtis ticket."Thus the Republican party, through
Howard, its recognized agent, is
placing the approaching presidential
campaign in Mississippi on a purely
race basis. Knowing that it has
fended what few white supporters it
had here, it now looks to the blacks
for ballots.An emphatic reply was not long
coming. Within six days after How-
ard's blunder, his race in his home state
had been shot, dragged and strung
to trees, whereas in the six months
preceding not one black, no matter
what his crime, had been so treated.
From the state's west line, where at
Clarksdale one black was severely
handled for attempting to knife two
white boys, to its east, where at
Hattiesburg four were seriously in-
jured in a race fight, came warning
evidences that the work of recon-
struction days is not to be undone.Howard and Hoover are neither
statesmen nor friends of the negro,
if they persist in their efforts to push
him prematurely into a place he can
not fill, and in which the state's white
Democracy will steadfastly refuse to
accord him recognition.**Hancock County Insurance Agency**FIRE

Editor Sea Coast Echo:

Read an article in your valuable
paper regarding the regravelling of
O. S. T. I believe this will make a
bad situation worse. O. S. Trail
with all loose gravel as is now is
called "Death's Valley." Gravel
roads are O. K. when traffic is light,
but on a highway like O. S. T. it is
a waste of money to build such a
road. Between nine and ten A. M.
last Sunday 400 autos passed, but to-
day just about one-quarter passed,
as people are finding out what a bad
road the Trail is, every motorist com-
plaining and fearing to drive over
such a wash board road and so much
loose gravel, endangering the lives
of a car load of their dear ones. I
would much prefer to take the woods
road then we know we are safe from
car overturning. I bought several
pieces of property on the Trail, with
the guarantee that this road would
be paved after the road had been
tramped down to make a solid founda-
tion. It feels mighty solid now.
How long will this regravelling last?
And the dust, whew, suffocating!
Don't you think it a good idea to
pave the road and charge a toll un-
til paid for? Harrison county has
fine paved roads to Pine Hills and
this was an uncertainty. Why, it
would be a shame if Hancock county
could not pave the highway to the
Louisiana line. Write to head-
quarters and make your kick, stating
that a wash board road one has to use to
get into New Orleans. New Orleans
practically keeps up the whole Gulf
Coast and just see the measly roads
the tourists have to travel over.
PROPERTY HOLDER.**LETTER FROM BASEBALL MANA-
GER AT LAKESHORE.**

Lakeshore, July 16, 1928.

Editor Sea Coast Echo:

The Lakeshore Ball Club claims 3
to 2 victory over the Maccabees Sun-
day at St. Stanislaus Stadium al-
though the score was claimed by
Maccabees. Our reasons for the
claim: we allowed them to steal a
run in the ninth inning that they
were not entitled to. In our half
of the tenth inning Wop Glover was on
third base, one man out, Clarence
Moran lines to Nolan Ladner on 1st,
who throws wild to 3rd, in an effort
to catch Wop off, the ball going way
back and was stopped and thrown
back in the game by a player that
was not in the game; that positively
allowed the runner that was on 3rd
one base or one run. Now, in the
Maccabees half three batters faced
the pitcher, even though they scored
a run, they were out in order, as they
came up out of batting order. Three
other batters should have come to
bat before Russell Ladner, who
left off in the 10th. We were not
keeping score, trusting to their hon-
esty. But we do know that Russell
Ladner, Nolan Ladner and Cotton
Collier followed in batting order, and
in the 9th Nolan Ladner led off and
finally scored the tying run. One
man, Cotton Collier, was left on base
That was five men to bat in 9th.
Now, could Russell Ladner lead off in
the 10th with Nolan following him?
If it can be done then we will call it
a tie game, but as it stands, we claim
a 3 to 2 victory.J. J. Yarbrough, Mgr.
Lakeshore B. B. Club.**DR. FRANK CRANE**

CONVERSATION.

Grenville Kleiser, well known au-
thor and writer, gives some good ad-
vice about talking.An immense amount of time and
energy is constantly wasted, he says,
by useless talking.Some of the essentials that he
mentions for a good conversational-
ist are as follows:The first condition of good talk-
ing is clear, well ordered thinking.
If your thoughts are in confusion
your speech is liable to be non-effec-
tive.Talking should not be a vocal nar-
verbal contest, but a mutual exchange
of ideas. Monologues are tiresome.
Don't give advice. Advice costs
nothing and is usually worth what it
costs.Don't exaggerate. It is easy to let
your desires and feelings overcolor
your views. Give the impression of
understatement rather than over
statement and what you say will
have more effect.Keep your voice low. A low voice
is not only an excellent thing in a
woman, as Shakespeare says, but it
is good for anybody. Many people
are trying to talk to because they
constantly bawl so loud. They drown
out their opponent with sound.Don't tell unduly long stories.
Don't make a reputation for being a
"funny" man. This will put you in
the class of lightweights. Stories
are like seasoning of salt. They
should be very judiciously interming-
led and it is easy to get too many
of them.Do not interrupt another. Wait
quietly for your turn to speak.Don't relate lengthy personal ex-
periences. A thing may be interest-
ing to you because it is about your-
self, but it is usually boring to
other people. Don't be impatient.
When you observe that your listener
does not wish to be convinced change
the subject.Speak clearly. Do not mumble.
Conversation is more than idle ex-
ercise or ornamental superficiality. Its
purpose is to keep the other party
amused and interested. It is the wire
upon which runs the current of your
electric personality.If you don't know how to talk,
learn. Devote a certain part of your
time to intelligent and diligent prac-
tice in the art of small talk. It pays.**PHONE No. 6**

Mirrors of Mississippi

By Edgar S. Wilson

Jackson, Miss., July 18.—The Mississippi School for the Blind, formerly known as the Mississippi Blind Institute, has wrought well throughout its long and eventful life. Among its notable graduates is Hon. T. P. Gore, a native of Webster county, Mississippi, and for years a brilliant United States Senator from Oklahoma. Senator Gore was the chairman of the Oklahoma delegation at the National Democratic Convention in Houston that nominated Alfred E. Smith of New York for president and Joseph T. Robinson of Arkansas for vice-president.

How Senator Gore Lost His Sight.
When a boy at Waltham one of Gore's eyes was knocked out by a flying chip while near a wood pile. When a page in the Mississippi Senate in 1882, he and some other pages had a crossbow. Gore looked into the crossbow. It went off and knocked his other eye out, leaving him completely blind. Another notable graduate of the Mississippi School for the Blind is Hon. David Guyton, who is now and has been for years a brilliant teacher of history in Blue Mountain College, Mississippi.

The industrial department of this institution is now and has been for thirty-one years under the supervision of George P. Ransom, a native of Grenada county. So skillful, popular and competent has been Mr. Ransom's administration that scores and hundreds of blind boys have left this department finely equipped for the battle of life, most of them engaging in broom and mattress making, and piano tuning. M. C. Emmmons, of Meridian, a graduate of this institution, has made an eminent success and is financially rated at \$80,000. He started peddling brooms and making mattresses.

Statutes for George and Davis.
Hon. A. C. Anderson of Ripley, member of the Davis-George Statuary Commission—Hon. D. C. Bramlette of Woodville and Col. C. L. Lincoln of Columbus being the other two—which is charged with having made and the placing of the statues of Jefferson Davis and J. Z. George in Statuary Hall in Washington, states that the work on the statues is progressing satisfactorily, and the commission is expected to visit New York in the near future to inspect the same. If they approve the models the casting of the bronze statues will be ordered.

Statutes to Be Installed at Washington.

It is expected that the installation of the statues of the Davis and the George effigies in Statuary Hall in

the old hall of the House of Representatives in Washington, with unveiling ceremonies, will take place after Congress convenes next September. Following precedent, Congress will accept the statues, fitting eulogies will be pronounced upon the distinguished dead, and Governor Bilbo will be thanked in a concurrent resolution signed by the President of the Senate and Speaker of the House for the statues of these distinguished Mississippians.

Only One Woman's Statute in Statuary Hall.

Each state, under the law, is entitled to place the statues of two of their eminent citizens in Statuary Hall. Georgia has recently selected as one of her immortals Alexander H. Stephens, vice-president of the Confederacy. It is not recalled that statues of two men from one state have ever before been placed in Statuary Hall at the same time. There is one woman in Statuary Hall, Frances E. Willard of Illinois.

To Celebrate Dancing Rabbit Treaty.
The centenary of the counties carved out of the Treaty of Dancing Rabbit Creek in 1830 will probably be celebrated by a joint movement of the same. These counties are Coahoma, Bolivar, Leake, Scott, Neshoba, Smith, Jasper, Attala, Yalobusha, Carroll, Choctaw, Oktibbeha, Winston, Lauderdale, Kemper, Nodaway, Clarke, Tallahatchie, and Lowndes.

Democratic Electors for Mississippi.
Following is a list of the Smith and Robinson electors which will appear on the presidential ballot to be cast at the November election on the 6th day of November, 1928. The official ballot will not carry the names of the presidential nominees of either party. Hence it is well for the Democrats of the state to acquaint themselves with the Democratic electors in advance; in order to be absolutely certain the Democratic voters may be marked by Democratic voters. The preservation of the list which follows may be useful: C. E. Dorrah, John R. Tally, W. H. Kier, Wilmer Kennedy, D. T. Ruff, V. D. Rowe, J. H. Davis, Mims Williams, E. E. Maddox, and Louis Wise.

It is being erroneously published that seventeen circuit judges and ten chancellors are to be nominated in the Senatorial and Congressional primary which takes place August 21 of this year, when a supreme court judge in the southern district and eight highway commissioners will also be nominated. The nomination of circuit judges and chancellors, who were nominated and elected two years ago, will take place the third Tuesday of August, 1930.

FACTS AND FIGURES HANCOCK CO. SEAWALL AND ROADWAY

(Continued from page 1.)
moth proportions and excellent development is the building of a reinforced concrete roadway along the top of the seawall of 9.44 miles length or 49,850 ft., which shall be 24 feet wide and include a four foot sidewalk and curb the same length as the roadway. A total of 132,600 sq. yd. of roadway are to be constructed at an approximate cost of \$355,000. The plans for this roadway were drawn by J. W. Billingsley, consulting engineer, as a part of the seawall project, and Mr. Nisbet of the Billingsley office will continue as engineer in charge of the road.
The contract for the roadway was let to the Southern Paving Construction Company of which H. W. Barber is district superintendent, and who have appointed J. H. Burdine as superintendent to handle the Hancock county project. The contracting company has sublet the contract for sidewalk and curb to Lee W. King of McComb.

Work on the roadway began the first week in July and to date about 1,000 linear feet of concrete has been poured. The roadway takes 40 pounds of steel as a mesh to 100 sq. ft. of roadway. The company has 175 working days in which to complete the roadway, according to the contract. The work on the roadway began near St. Charles street at the southern limits of Bay St. Louis and will be built southward, and when this is completed the road will be built north of town.

The Expert.
He had just given a hurried kiss. "Don't you know any better than that?" she demanded indignantly. "Sure!" he replied. "But they take more time."
—American Legion Weekly.

N. Y. PUBLICATION TELLS OF BAY ST. LOUIS CONTEST

Plan Designed to Stimulate
Civic Pride—Hancock
County Bank's Enterprise

Commerce and Finance, New York, weekly publication of national reputation and international circulation, under head of A. J. Lesson in Civic Pride, carries a story of the beautification contest, which the City of Bay St. Louis has announced and officially endorsed, and which the Hancock County Bank of Bay St. Louis has donated \$500.00, to be divided into three prizes.

It is interesting to note that this contest is attracting national interest and particularly when such publication as Commerce and Finance sees fit to give it mention. J. N. H. Stephens, vice-president of the City of Bay St. Louis, is a native of Bay St. Louis, and is a native of the city of enterprise and is thoroughly on the job.

From Commerce and Finance is reproduced:

"The cities are full of pride, challenging each other to see who will win. And now from City of Bay St. Louis, Miss., comes the announcement of a plan designed to stimulate civic pride and to instill it into residents who perchance may not possess it. The plan is divulged in a letter from the city authorities to property owners which says: 'The Hancock County Bank, actuated entirely for the good of our community and in line with an aggressive civic pride policy, offers a cash prize of \$500 to the owner of any residence 'large or small' within the city limits that shows the greatest amount of proportionate improvement' during the period from June 15 to Sept. 1, 1928. The \$500 will be divided into first, second and third prizes of \$250, \$150, and \$100, respectively, and the contest is open to all 'white or colored' property owners."

Commerce and Finance is glad to pass along the suggestion which the plan embodies as we believe that this commendable policy, if generally pursued, would make our cities more attractive and hence better places in which to live.

TWO PRINCIPALS CHOSEN.

Miss Thelma Fleming has been elected principal of Flat Top school for next session and Miss Ethel Shaw has been appointed principal of Mulatto Bayou County Superintendent D. J. Everett announced this week. This completes the selection of all principals for county schools in Hancock county, others having been announced several weeks ago. Wave land, a separate school district, is the only school in Hancock county which has not yet named its principal for next year. Mr. Everett said.

Negro Child Is Crushed.

A five-year-old negro child, Julia McCoy, daughter of Bob McCoy of Bay St. Louis, died Monday night following injuries sustained from a falling pole. It is said that as the child passed a vacant lot on Jeanette Alley where the Mississippi Power Company had a number of poles piled and held in place by a plank driven into the ground, the plank gave way allowing the pole to roll down, one catching the child and striking it in the chest, crushing it. The child was taken to the King's Daughters Hospital in Gulfport and passed away a short time after arriving there.

No one can resist eating food after run over by ants. Hours of painstaking labor are spoiled. Delicious dishes are tainted, made uneatable. FLY-TOX kills ants. Spraying should be continued for several days because ants are always present in colonies. INSIST ON FLY-TOX. FLY-TOX is the scientific insecticide developed at Mellon Institute of Industrial Research by Rex Fellowship. Simple instructions on each bottle (blue label) for killing ALL household insects. FLY-TOX is safe, stainless, fragrant, sure. Every bottle guaranteed.—Adv.

Mother: "Betty, why don't you and Archie play house together?"
Betty: "No, Mamma; we would rather play something there isn't any quarreling in."

Why telephone calls sometimes annoy you.

"I NO SOONER sit down to relax and read a bit when the telephone rings. . . . On occasions like this you are apt to regard a telephone call as an annoyance. And yet the remedy is simple. Ask us to provide enough extension telephones in your home so you can make and answer calls without involving a weary trudge or frantic dash from one part of the house to another. You'll find that with adequate facilities, telephone service is a constant source of comfort and convenience—never an annoyance.

It costs surprisingly little to have enough telephones. Ask our Business Office or any telephone employee.

SOUTHERN BELL TELEPHONE
AND TELEGRAPH COMPANY
(Incorporated)

PASS CHRISTIAN

From the City Across Bay
St. Louis.

(By Our Staff Correspondent)

GEORGE J. CRONOVICH

WITHDRAWS FROM RACE

George Cronovich of Pass Christian, who announced some weeks ago as a candidate for alderman from the first ward withdrew Saturday from the race and authorized the Democratic committee to remove his name from the ticket, which was closed July 9, subject to the primary July 24. Mr. Cronovich, in withdrawing from the race stated to the executive committee that he did so because his time was needed by his business and because his health is poor.

Mr. Cronovich's withdrawal leaves two candidates in the race for this office, Herbert H. Hanson, incumbent and John J. Donlin.

ARM BROKEN IN ACCIDENT

An automobile driven by M. H. Patrick collided with a Ford truck driven by McKinley Phillips, colored, at the intersection of Cedar and Front streets in Pass Christian Friday about 1 o'clock. McKinley Phillips had an arm broken and received painful injuries about the head. M. H. Patrick was not injured. Both cars were badly damaged. Officer A. C. DeMetz placed both M. H. Patrick and McKinley Phillips under arrest charged with reckless driving. They were tried Saturday afternoon before Justice R. W. McDonald and Patrick was fined \$14 and costs on a charge of reckless driving, while Phillips was released.

LIEUTENANT-GOVERNOR HOME.

Lieutenant-Governor Bidwell Adam of Pass Christian, who served as acting governor in the absence from the state last week of Governor Theo. Bilbo, returned to his home in the Pass Christian on Sunday. He was the official of the state being terminated by the return of Mr. Bilbo. It had been reported that Mr. Adam would fly from Jackson to the Coast but was restrained from doing so at the solicitation of his wife who declared that she was not yet ready to be a widow. He is quoted as having said that even though she kept him from flying, she did not keep him from the tarpon holes and went out early Monday morning for a try at the silver kings of the Gulf.

TO GIVE PLAY.

"Here Comes Arabella," a musical comedy, will be presented in Pass Christian Friday night of this week at the city hall by a local cast, under the auspices of the Mother's Club of St. Joseph's Academy as a benefit. The public is invited to attend.

THREE TARPONS ARE LANDED.

Three tarpons have been landed in the annual Pass Christian National Tarpon Club tournament which began July 4. The first was landed by John M. Parker, Jr., and measured 5 1/2 feet, this catch being made Sunday, July 8.

Tom Parker was the fortunate angler for the second giant fish, landing a five foot beauty Thursday of last week. He had a second strike the same day, having the fish almost into the skiff but missing him.

"JOHN T." VETERAN TARPONIST.

Captain John T. McDonald, veteran fisherman of Pass Christian, landed the third fish, 4 feet 11 inches in length, bringing him in last Saturday. A number of fishermen have tried their luck during the week and this weekend a large party from Jackson, headed by Frederick Sullens, newspaperman, will come down for the fishing. Fully 75 fishermen are expected to try for the tarpons this weekend, it was said.

The employees of Jahneke Service, Inc., from New Orleans, will come to Pass Christian Sunday for their annual outing. About 150 are expected on the special train. Headquarters for the day will be at the municipal pavilion.

ORGANIZE NEW COMPANY.

The Allen Motor Company composed of D. B. Allen, R. F. McConnell, Roy Allen, C. D. Crider and P. H. Royster, opened business in Pass Christian Friday as agents in Pass Christian of the Chevrolet autos. D.

CATHOLIC CHURCH TO HAVE ANNUAL MID-SUMMER FAIR

August 11 and 12 Dates Selected—Mrs. J. J. Ritayik
To Head Ladies' Work

Preliminary arrangements are being made now for this festival, which is the great event of the summer season in Bay St. Louis.

Mrs. J. J. Ritayik will serve as chair lady. The chairman is still to be chosen.

There will be a meeting of the ladies held at the Yacht Club Monday afternoon, July 23, at 3 p.m. Ritayik presiding, who will then choose her committees.

A meeting of men will be held at the rectory Monday evening, July 23, at 8, when a chairman will be appointed, who will choose his committees. These two meetings will be followed by just one joint meeting, the date to be decided Monday.

ENJOY WEINER ROAST.

The Pass Christian Business and Professional Women's Club enjoyed a weiner roast and swim at Henderson Point Monday night at the regular meeting of the club. Miss Justine Pattenote, president, who was a delegate to the national convention in New Orleans told of her pleasure in representing the Magnolia State in the convention, bearing the official banner, appointed to this honor by Miss Earline White, state president, who was unable to take part in this ceremony.

Three Bay St. Louis members of this club, the Misses Miriam and Olivia Engman and Miss Olga Tremoulet attended the meeting Monday.

PASS ROTARY ELECTS.

Vinson Smith, Sr., was chosen president; Rev. W. J. Leech, vice-president and E. A. Lang, secretary-treasurer of the Pass Christian Rotary Club at the annual election held Tuesday. Officers and committees selected to serve the ensuing year follow:

Aims and Objects committee: president, Vinson Smith, Sr.; E. A. Lang, chairman vocational service; B. Knott, chairman club service; Rev. W. J. Leech, chairman community service; L. H. Barksdale, secretary.

Sub-committees: Classification, William F. Adams and C. J. Hays; attendance and program, L. H. Barksdale, R. J. Delpit, S. L. Engman; fellowship and luncheon, Rev. H. N. Aldrich, Dr. A. R. Robertson, E. A. Lang, secretary, J. M. Terrall, Allen Barksdale, J. J. Stroud, publicity; E. J. Adam, Sr., J. J. Jackson, C. B. Adam; boys work, G. O'Brien, William Robinson.

The board of directors named for the coming year were, Vinson Smith, Sr., Rev. W. J. Leech, E. A. Lang, L. H. Barksdale, J. J. Jackson, Allen Barksdale, and E. J. Adam, Sr. Speakers at the regular meeting this week were: Rev. W. J. Leech, who discussed the workings of the international convention at Minneapolis, and C. L. Hays, local agent of the L. & N. railroad who spoke on transportation.

INSTALLING SIGNALS.

The L. & N. railroad is installing flashlight signals north and south of the railroad line at the Henderson avenue crossing on the Pass Christian-DeLisle highway. The signals are similar to those installed recently at the crossing of the Old Spanish Trail at the railroad near Henderson Point. O. R. Bragg, of Bay St. Louis, assistant signal supervisor, is in charge of this work.

UPSET

With Stomach Spells

"I have taken Black-Draught ever since I was a child, and can recommend it as a splendid medicine for family use," says Mrs. Cora Mabery, of Sagey, Okla. "My mother used it, in bringing up her family, and after I had a home of my own, I continued to use it, as I thought it was good to give the children."

"My children did not mind taking Black-Draught, and so when they got upset with stomach spells, or were constipated, I gave them Black-Draught tea."

"They are all grown now and have homes of their own, but I still keep Black-Draught in the house and use it myself when I wake up in the morning feeling dull and 'headache', and have a bad taste in my mouth."

In use over 87 years. Price 25c.

Theodore's
BLACK-DRAUGHT
for Constipation,
Indigestion, Biliousness

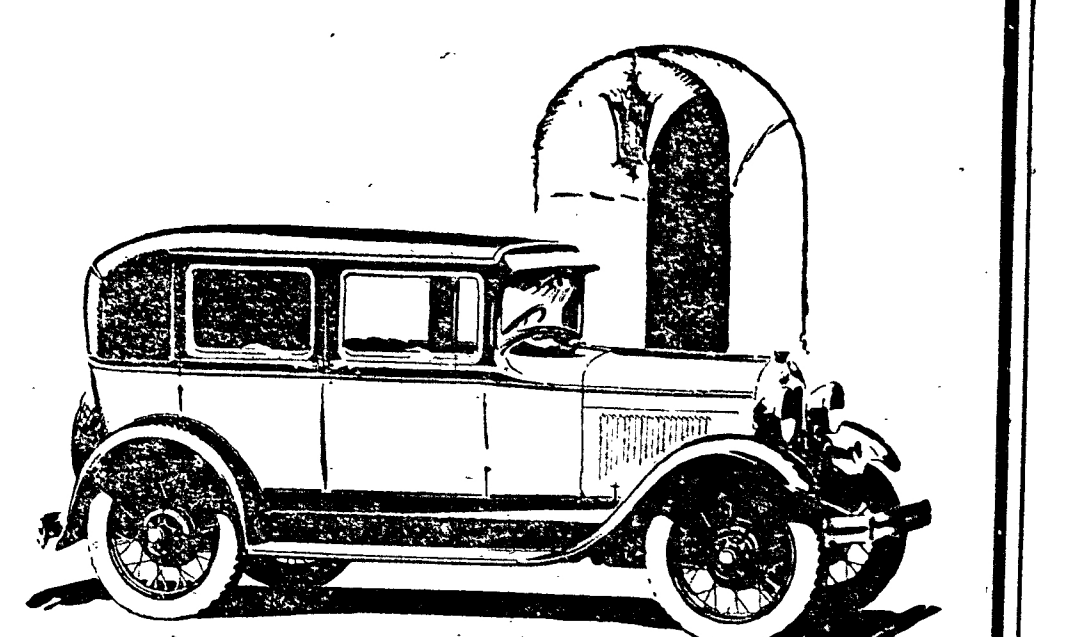

NOTICE TO BIDDERS.

Notice is hereby given that the Trustees of the Public Works of the City of Bay St. Louis will receive bids for certain work to be done on all city streets in accordance with the above and foregoing transcript is a true and correct copy of an order passed by the said Board of Supervisors and entered on their July Term, 1928, on the 8th day of July, 1928, as fully and as completely as the same appears of record in my office.

Given under my hand and seal of said Board of Supervisors, at my office in Bay St. Louis, Miss., this 4th day of July 1928.

A. G. FAVERE, Clerk.

THE NEW FORDOR SEDAN IS HERE!

YOU'VE waited eagerly to see the new Fordor Sedan. You've pictured in your mind the kind of car you thought it would be. And now it's here—more strikingly beautiful in every way than your fondest hopes.

Long, low streamline body, with narrow belt moulding running completely around the car. Exquisite two-tone color harmonies set off by bright touches of gleaming metal. So richly finished and appointed in every detail that it has the appearance of a custom-built body.

Above all—a wide, roomy, comfortable car. Deep lounge seats upholstered in soft woolen cloth, with brown hairline stripe, in pleasing contrast with light-brown trimming. Arm rests. Embossed cloth paneling around doors and on seat in front compartment. Oval bow-light and robe rail in rear compartment.

Mechanical beauty that matches this outstanding beauty of line, color and finish . . . 55 to 65 miles an hour . . . 40-horse-power engine . . . quick acceleration . . . four-wheel brakes . . . four Houdaille hydraulic shock absorbers . . . 20 to 30 miles per gallon of gasoline . . . Triplex shatter-proof glass windshield . . . low first cost and low cost of upkeep . . . typical Ford reliability and long life.

Come in and see it
The price is \$625
(F.O.B. Detroit)

NOTICE

The State of Mississippi,
Hancock County,
Board of Supervisors, July 1928.
Be it Remembered, That at the above stated term of the Board of Supervisors of said County, order was made by said Board, which was in the following words: 2550. In said Court, at the 2nd Monday of August A. D. 1928, to defend the suit No. 2550, in said Court, of E. A. Barksdale, Plaintiff, against the said County of Hancock, Mississippi, to the undersigned complainants in the above described land, wherein you are called to defend.

This 14th day of July A. D. 1928.

A. G. FAVERE, Clerk.

ADMINISTRATOR'S NOTICE TO CREDITORS OF J. HOWARD SYLVESTER.

State of Mississippi, County of Hancock, Letters of administration having been granted on the 23rd day of June, 1928, by the Chancery Court of Hancock county, Mississippi, to the undersigned, and in accordance with the provisions of said letters, notice is hereby given to all persons having claims against said estate to present the same to the Clerk of said Court for probate and registering according to law within six months from this date or they will be forever barred.

This 29th day of June, 1928.

HOWARD MONROE SYLVESTER, Administrator.

The State of Mississippi,
To A. B. Russ:

An attachment at the suit of E. S. Drake against your estate for the sum of Three Hundred, Fifty-four (\$354.00), Dollars, returned before the Circuit Court of Hancock county, at Bay St. Louis, Mississippi, has been executed and is pending in said court; and unless you appear before said court on the third Monday in September, A. D. 1928, and plead to the action, judgment will be entered, and the estate attached will be sold.

This 9th day of July, A. D. 1928.

A. G. FAVERE, Circuit Clerk.

NOTICE TO ALL PROPERTY OWNERS OR TAX PAYERS IN THE CITY OF BAY ST. LOUIS.

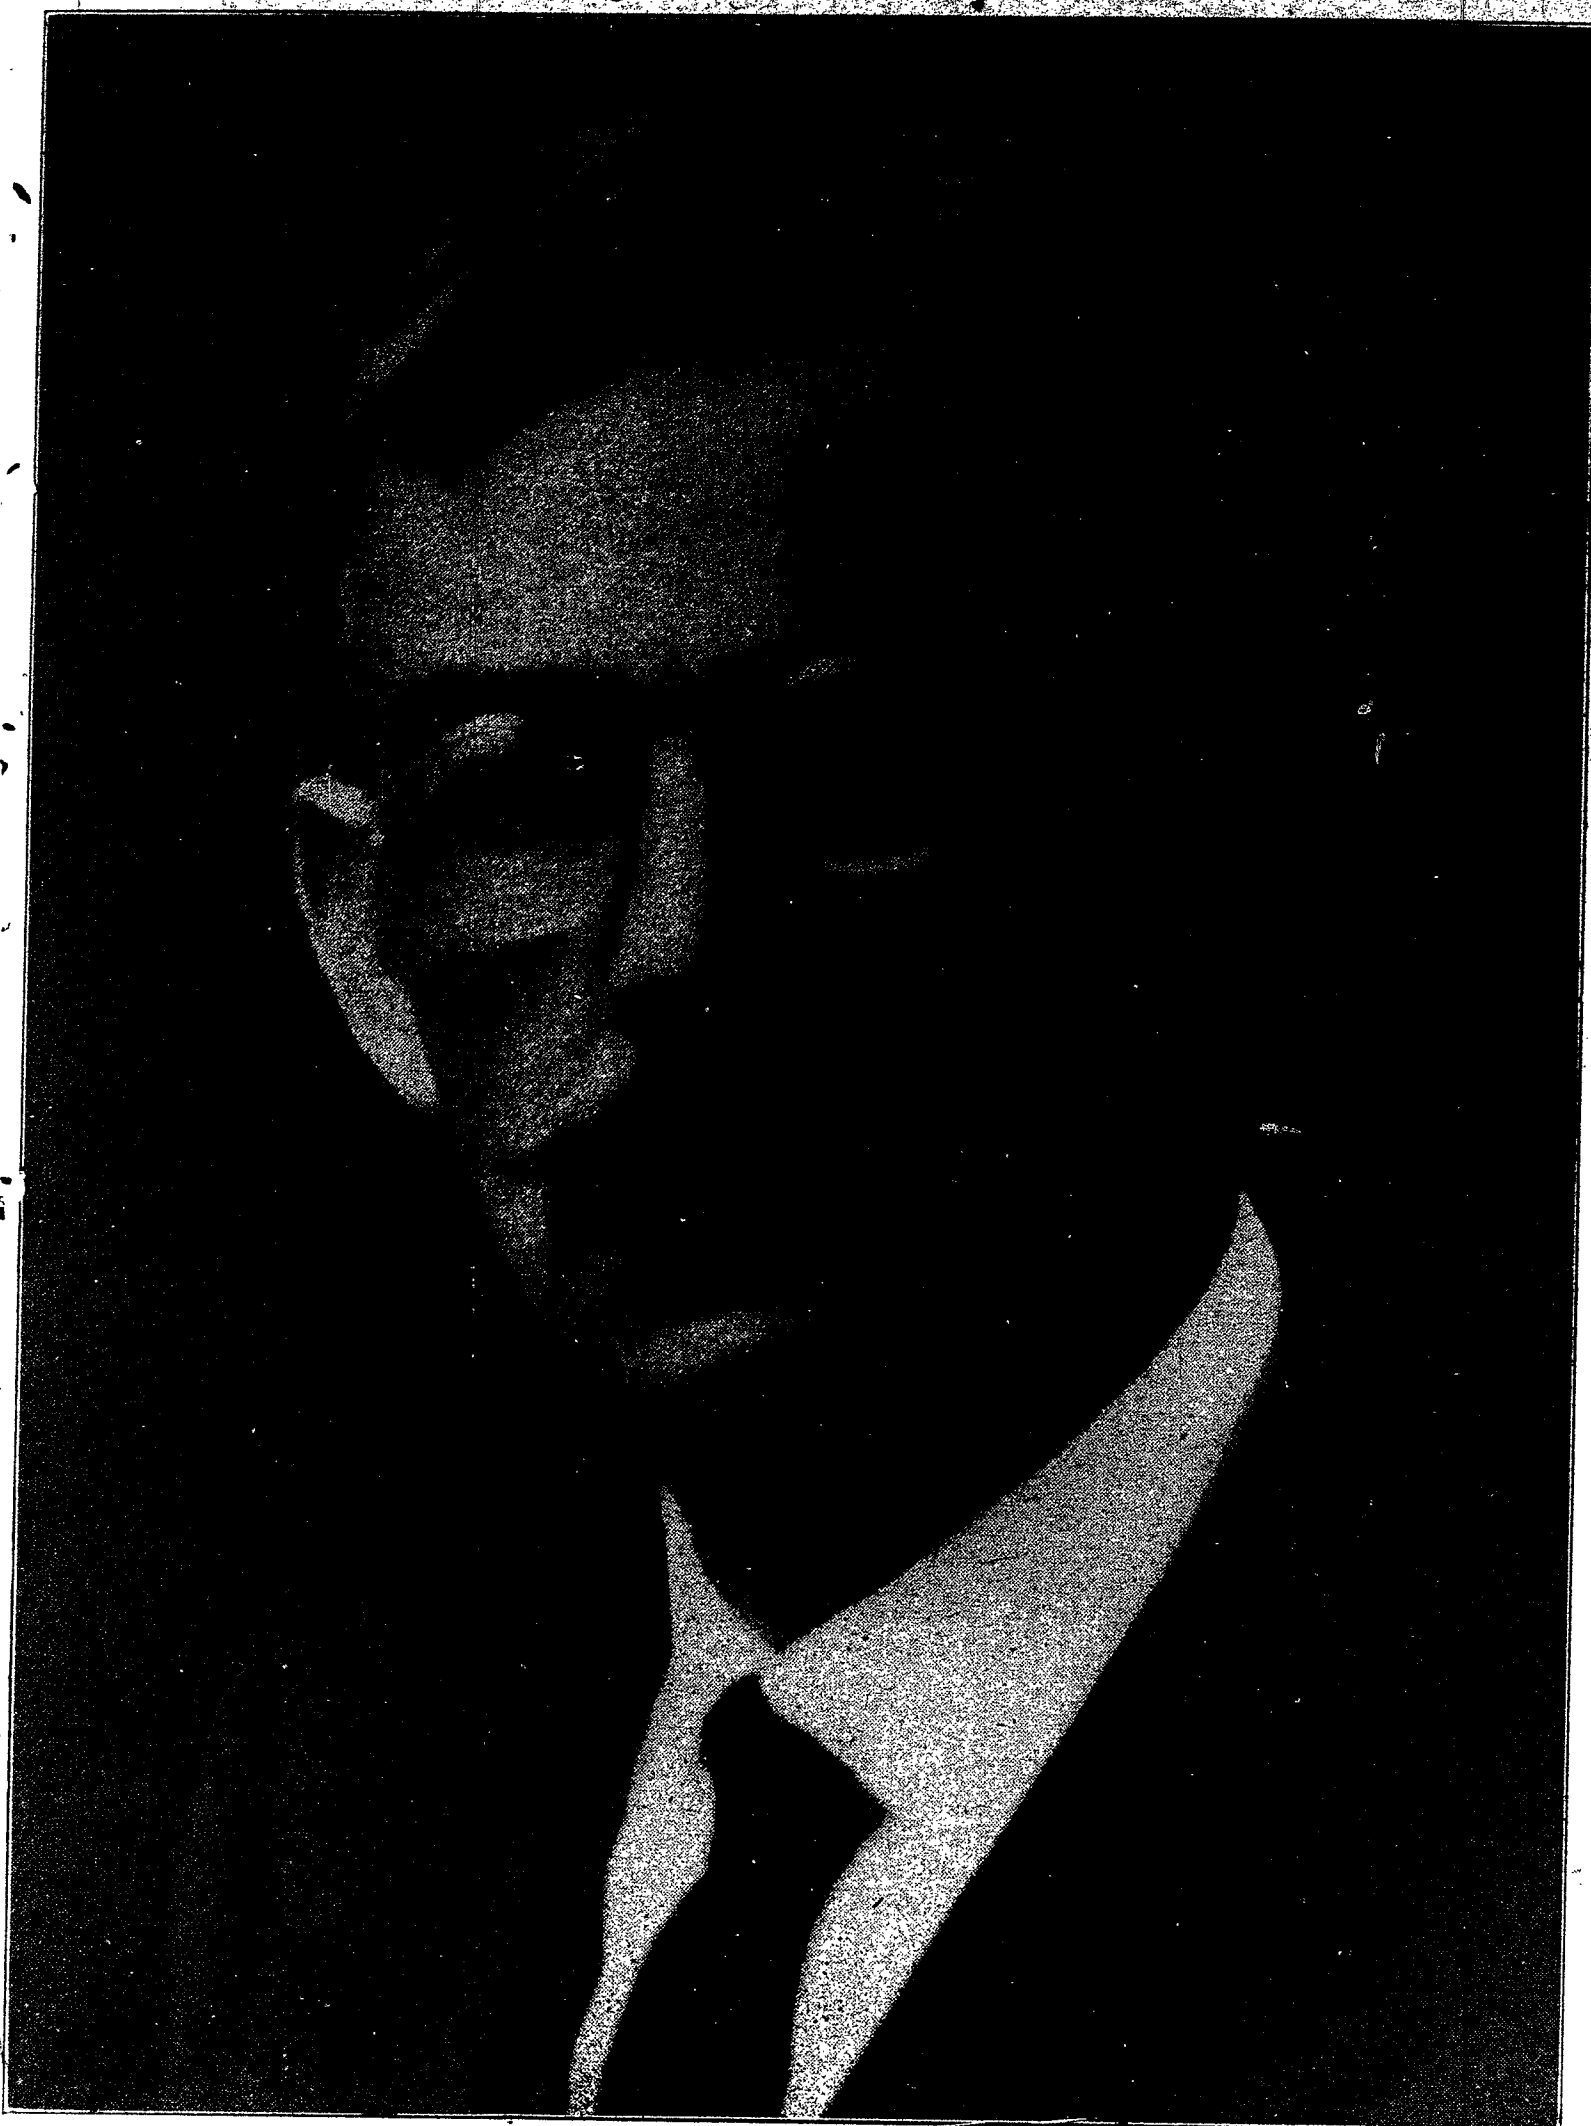

Notice is hereby given by the Commissioners of the City of Bay St. Louis that the tax assessment roll of personal and real estate in the City of Bay St. Louis is now on file in the office of the City Clerk, and that all persons are hereby further notified that objections, if any, to assessment by the Commissioners of the City of Bay St. Louis, beginning on Monday, August 27th and each day thereafter to and including Tuesday, September 4th, 1928, between the hours of ten A. M. and four P. M.

CHARLES TRAUB, Sr.

F. H. ROLOFF,
Commissioners of the City of Bay St. Louis, Miss.

CHANCERY SUMMONS

The State of Mississippi,
To the Gulf States Paper Corporation, a corporation, and C. F. Niebergall, Canal Bank and Trust Co., a corporation, and

CANDIDATE FOR CONGRESS FROM GULF COAST.

HON. H. D. MONEY

In making announcement through The Weekly Citizen, of the name of Hon. H. D. Money, candidate for Congress from the sixth Mississippi District, subject to the Democratic primaries to be held in August, this year, his campaign managers disclaim any desire other than that the record of achievement private and public, of their favorite be presented in the simplest possible terms without exaggeration. They think that a more creditable life record can rarely be found. They say Mr. Money needs only to be known, by the voters of the sixth district to assure his nomination.

Mr. Money is not an office-holder, but a lawyer-farmer, resident of Jackson county. As a student, constructive thinker, and publicist, Mr. Money has wrought in a broad field, but in none has his interest been keener than when working for the tillers of the soil and matters relating to public health.

As far back as January 27, 1916, twelve years before he sought office, an Ocean Springs publication said editorially:

"The earnest thanks of the citrus growers of Mississippi are due H. D. Money for his unremitting and successful efforts in conjunction with the proper legislative committee, toward the passage of the Citrus Canker Bill by the Federal Government. Without detracting one iota from the credit due Representatives Harrison and Sisson we may recognize the results of the political and personal esteem with which Mr. Money is held, not only here but in the highest official quarters; but even if this were not the case, we should be proud that the only Mississippian who took the trouble to go to Washington to present the claims of a threatened industry, was a native of Ocean Springs.

Mr. Money not only went at a time when it was horribly inconvenient for an orchardist to leave his property, but he paid every cent of his expenses—a sum all told amounted to several hundred dollars.

This is the type of man that really develops a region, the man who sacrifices himself for the country. The man who works without thought

of reward because he has a beautiful belief; the man who will do for others who won't do for themselves.

Fortunately for our future there are other developers hereabouts—broad-souled men who think beyond their own little immediate gain. They may make what is sometimes called a success of life—they may not; but they don't care, for to their honor he it said that even if convinced they will come out losers—and too often it happens that we help our neighbors at our own expense—they would not change their conduct if they thought that they were working for the common weal. It is the sublimest kind of love for their fellow-man; it is the proof that Abou-ben-Adhem still walks the earth."

In speaking further of Mr. Money, The Weekly Citizen quotes the following epigrammatic statement made regarding his personality:

"He is a chip off the old block which stood hacking in reconstruction days.

He is a lawyer and a farmer. His people on both sides of the house are farmers.

He had 14 years experience in Washington as private secretary to a Senator.

He did his bit in the Spanish-American War as a volunteer.

General Wood trusted him as Military Governor of the District of Baracoa.

He is physically, morally and intellectually brave and is a Rock-ribbed Democrat.

He has no enemies except some that an outspoken and brave man might afford to have.

He has done much work for the public good without asking or receiving any reward.

His word is as good as any man's bond.

Those who know him will vote for him."

Last October, shortly after Mr. Money made announcement of his intention to seek a seat in congress he issued over his own signature, a statement in which he made clear his position as a "rock-ribbed" democrat upon public pertinent issues, such as foreign relations, emigration, state rights, farm relief, mer-

chant marine, care of war veterans, public buildings, "Our Seacoast." In this statement, when declaring his opposition to war, Mr. Money said:

"To insure our peace everlasting, man must rid himself of greed and ambition for personal power. There is only one source from which such hope may come—that is the home; the family group where morals are taught and character formed in early childhood. That is work for our women, the noblest labor devised. How they perform it will depend the happiness of mankind; therefore, I shall miss no opportunity of giving them all possible, practical, legislative aid."

Enlarging further upon the distinguished character of Mr. Money it is said:

"He is the only war veteran in the race for congress.

He is the only farmer in the race for congress.

He has had experience of most comprehensive nature in all the practical and theoretical duties of congress, and will not have to be a mere apprentice for two years, as a new man would, but will be an active and competent congressman the day he takes his seat."

He is an accomplished student in statecraft and his range of knowledge reaches through all its aspects—local, state, national and international.

His legal and mental training enables him to practically apply his broad knowledge and experience to legislation, with a keen sympathy for his brother farmers and his comrades who went to war for the country.

At neglect of his personal affairs and his fortune he has been always vigilant, active and successful in the pursuit of measures for the public good and has been the central figure for the advancement of human happiness, in the communities where he may have his home, so that he has been named affectionately, the peace-maker and the community builder.

The voters in the counties where Mr. Money is known, will attest the foregoing and will give recognition of his abilities and patriotism by rolling up a majority against the whole field of candidates.—The Weekly Citizen, Hattiesburg, Miss.

Mississippi Brevities

TUMBLING TRACTOR—Roscoe Box, aboard a tractor near Booneville, bounced over fresh turned furrows, dragging a disc harrow. Into a creek which flanked the field fell both Box and tractor, Box underneath. Fortunately, he was not pinned, suffered not a scratch.

PICKS PLANTER—Into Joseph Upton, prominent planter, a negro employee last week plunged and re-plunged a well pointed ice pick. Mad because he had been reprimanded, the attacker took Upton by surprise, swore, stabbed, stabbed again, fled.

SHOCKED, SCARED—Down a Laurel street in the rain last week rumbled and bumped a crowded trolley car. Lightning struck the overhead wire, flashed through motor to controls, shocked the motorman, scared the passengers, stopped the car.

OUT OF BUSINESS—Before prohibition Dunk Easterling, Mount Olive, grew hogs, made whiskey. When prohibition came he quit raising hogs, moved his still into his smokehouse. Caught last week, Easterling admitted 28 years of successful, uninterrupted business.

NO-MONTH TERM—Idle in Yazoo county this winter will be two dormitories, a teachers' home, a dairy barn, and other smaller buildings. Lacking funds the county's agricultural high school will hold no 1923-24 session.

JAILFUL OF WETS—Deputies carried extra cots into the corridors and cells of Aberdeen's jail last week as prohibition officers brought in load on load of liquor law violators. Unable to lock up more prisoners, unable to turn them loose, Sheriff Sam Grady was thankful when diligent dry raiders let up.

NO. 129—One hundred twenty-eight Hattiesburg dogs accepted shots from the revolver of Pound Keeper F. L. Lee without bark or bite as strays were slaughtered following a mad dog scare at the Hub. Canine No. 129, a small fox terrier, was the first to protest. Fuming furiously, No. 129 snapped, slashed, scratched, left long red streaks on Keeper Lee's arms and wrists.

BLACKBIRD—"Little Cleveland coon, cannot read nor write, does not know who his parents are, hates work, one thing he can do—sing. That he does so well that pleased whites donate coins enough to buy him—clothes, meals, lodging.

NO 10c JEWEL—A Meridian woman lost a \$5,000 diamond ring. A small negro boy found it, played with it for a few hours, lost it. The next day a white found it, noticed by its glint that it was not glass, looked up its owner, returned it, collected a \$250 reward. Mourned the young negro, "I thought it was a Woolworth ring."

SAFE STEALERS—Sweating thieves struggled for hours one sultry night last week stealing a 1200-pound safe from the store of R. L. Coleman of Laurel. Having pulled their plunder into a deep dry ditch, they looked inside, found receipts, letters, worthless paper, no money.

SID TO AMSTERDAM—Under tall type extending across four columns the (Winona) Times told the world last week of Sid Robinson, Jr., Mississippi youth who sailed to Amsterdam as a member of Uncle Sam's Olympic squad. Sid will see service in the 1500-meter race.

FIVE SAVE SIX—Julia Barron, in swimming near Hattiesburg, stepped into deep water, screamed for help. Three women, standing nearby, reached out, stepped off, screamed. To the rescue of the four splashed two men. Promptly pulled under, they also screamed. Finally came five Hattiesburg boys, dived in, pulled the six to safety.

FIRE AT FURR—Henry S. Furr, federal agent who has had frequent fights as he sought Mississippi moonshiners, came near being assassinated last week when someone took a shot at him as he drove along Sherard highway near Clarksdale.

L. O. Crosby, munificent Mississippi millionaire, has announced that he will donate 200 electric ranges free to housewives of his home town, Piquette.

She—When you married me you used to call me a little dear!
He—Perhaps I did, darling, but since then you've developed into a big expense!—Passing Show.

GOLDEN GLEAMS
Syllables govern the world.
—John Selden.

Intellect can raise,
From airy words alone a Pile
that ne'er decays.
—Wadsworth.

He draweth out the thread of
his verbosity finer than the staple
of his argument.
—Shakespeare.

For one word a man is often
deemed to be wise, and for one
word he is often deemed to be
foolish. We ought to be careful
indeed what we say.
—Confucius.

Words are like leaves,
and where they most abound,
Much fruit of sense beneath
neath is rarely found.
—Pope.

I am not so lost in lexicography
that I forget that words are
the daughters of earth, and that
things are the sons of heaven.
—Dr. Johnson.

Keeping Right Up With Them—By Albert T. Reid

HANCOCK COUNTY 4-H SHORT COURSE HELD IN BAY CITY

(Continued from page 1.)

address by Mayor Chas. Traub, Sr. of the Bay and talk by County Superintendent D. J. Everett, the response being given by Ruby Rester of Catahoula club. After lunch which was served in the large dining room of the convent, Miss Mary Reagan of the Soft Wheat Millers Association, Memphis, gave a demonstration on cake baking. Miss O'Dom assisted by Sister Antoinette of St. Joseph's Academy gave a demonstration of smoking and darning.

Misses Judith Maufrey and Loretta Smith of the St. Joseph's Academy club directed the swimming from 4:30 to 5:30 o'clock. After dinner Miss McDevitt directed the recreational period on the lawn when games were played. A truck ride for the entire group across the bridge to Pass Christian completed the evening and lights were out at 10 o'clock.

Setting up exercises led by Miss McDevitt started Wednesday off at 6:30 o'clock. Miss Reagan demonstrated pastries and biscuit making. Mrs. Luther Lee and Miss O'Dom demonstrated canning and preserving. Miss Causey directed arts and crafts work for an hour. At 11 o'clock Mrs. H. U. Canty of Bay St. Louis gave a most interesting talk and illustrated lecture on music appreciation, giving history of composers and illustrating their compositions with piano solos.

The afternoon was featured by a team demonstration on Good Buy-manship, shown by Ruby Rester, Helen Necaise and Rita Lee of the Catahoula club who discussed fabrics and classes of clothing. The dinner hour was followed with a story telling and reading entertainment by Miss Nannie-Mayes Crump of Gulfport. At 7 o'clock in the auditorium the various clubs gave most interesting stunts, each eliciting hearty applause from the interested audience and each showing clever planning and arrangement. A visit to the local movie theatre closed the evening happily.

With setting-up exercises and breakfast opening the program Thursday the girls prepared for their last day of the short course. Demonstrations were given by Miss O'Dom on the making of lemon and grape jellies. Mrs. Luther Lee gave a demonstration of fig and water melon rind crystallization. Miss O'Dom demonstrated salad making. Miss Causey again conducted her class in arts and crafts.

A team demonstration by three girls from St. Joseph's Academy, Judith Maufrey, Loretta Smith and Hazel Kergosier, was given on Home Improvement.

Mother Claire, superior of the convent, gave a most delightful talk on art appreciation, charming the girls with the beauty which she brought to them.

Individual scoring for food habits, table service and several related subjects were discussed and handled. The leaders conference followed

ST. MARGARET'S DAUGHTERS WILL GIVE BENEFIT PARTY.

St. Margaret's Daughters will give a benefit card party at the Bay-Waveland Yacht Club Wednesday, July 25, at 8 o'clock at night. The party was formerly announced for an afternoon party but has been changed to a night party. All members and their friends are invited to be present and enjoy a pleasant evening of play. Homemade cakes will be awarded as prizes, one to each table, and all types of card games will be played. Mrs. E. J. Lacoste is general chairman for the party and she is assisted by excellent committees is provided for the party. The arrangements committee is headed by Mrs. M. D. Leche, chairman and includes Mesdames Claude Monti, G. Y. Blaize and G. Bohn. The publicity committee is composed of Miss Elsie Maufrey and Mrs. Jos. Ritayik. The reception committee includes Mrs. John Green, Mrs. H. C. Glover, Mrs. P. J. Muller, Miss Brown and Mrs. John Connor.

lunch and then packing for the home-going and farewells closed a most successful short course.

In discussing the short course Miss O'Dom expressed her pleasure in its success and her thanks to all who participated in the encampment, cooperating in its conduct, especially praising the Sisters who are so generous and kind in the loaning of their dormitories and facilities for the short course.

Did You Receive a Dividend

ON

Mississippi Power Company's Cumulative Preferred Stock

On July 1st, holders of Mississippi Power Company Cumulative Preferred Stock received the eleventh regular quarterly dividend on the stock. Many of those receiving checks have owned their stock since it was first placed on the market two and a half years ago. Many have been regular purchasers since, increasing their holdings from time to time as they had available funds. If you are not now a stockholder in Mississippi Power Company you should purchase now and receive your regular dividend October 1st. If you own stock at present, now is the time to begin adding to your holdings.

YOU ARE ASSURED SAFETY, PROFIT AND NEGOTIABILITY.

TRUSTEE'S SALE.

Whereas, Davis Green and Evelyn Green, executed a deed of trust conveying to E. J. Gex, as Trustee, the following described property situated in Hancock county, State of Mississippi, to-wit: The west 7 chains and 20 links of fractional no. 1 of sw 1-4 of Section 23, Township 9, S. R. 10 west, containing 10.12 acres. Being the same land conveyed by Geo. A. Thomas to said Davis Green, by deeds dated March 21st, 1923, and October 13th, 1923. Whereas, default has been made in payment of this indebtedness and the holder of the note herein secured has requested the foreclosure of said deed of trust, which is recorded in Vol. 22, Pages 105-106-110 of the Records of Mortgages and Deeds of Trust on land. Now, therefore, notice is hereby given that the undersigned Trustee will sell said land at public outcry to the highest bidder for cash before the front door of the courthouse of said county in the city of Bay St. Louis, within legal hours on

MONDAY, AUGUST 6, 1923

for the purpose of paying said indebtedness, costs and expenses, all as per terms of said trust.

E. J. GEX, Trustee.

Dated this 18th day of June, 1923.

Death of Mrs. Adelaide Caron Saucier.

The funeral of Mrs. Adelaide Caron Saucier, widow of Joseph Saucier, who passed away on Thursday of last week, took place Friday morning from the church of Our Lady of the Gulf, Rev. Father Patrick McAlpine conducting the ceremony, and interment at St. Mary's Cemetery.

Mrs. Saucier, preceded to the grave by her husband twenty years since, was a native of Bay St. Louis, and on Tuesday, July 3, celebrated her 88th birthday. She had no children but a number of relatives survive.

She was a devout Catholic, a member of the Altar Society and affiliated with every possible interest of the church. A great lover of flowers and cultivation of same, it was frequently said Mrs. Saucier worshipped her flowers. She spent the greater part of her later life in this beautiful work.

For quite a number of years Mrs. Saucier remained close to her home, her advancing age precluding doing otherwise, but many visited her. Older citizens well remember her, and while she had long since passed the biblical allotment of 100, the news of her death brings a tinge of sorrow to the wide coterie of old friends.

City Girl—What's worrying you Dave, dear?

Dave—I was just wonderin' if Dad would be sport enough to do the milkin' we've been on our honeymoon sposin' yeh said "yes" if I asked yer.

—Bulletin, Sydney.

TO HOLDERS OF

Third Liberty Loan Bonds

The Treasury offers a new 3 1/2 per cent 12-15 year Treasury bond in exchange for Third Liberty Loan Bonds.

The new bonds will bear interest from July 16, 1923. Interest on Third Liberty Loan Bonds surrendered for exchange will be paid in full to September 15, 1923.

Holders should consult their banks at once for further details of this offering.

Third Liberty Loan Bonds mature on September 15, 1928, and will cease to bear interest on that date.

COMMENT ON SPORTS

The Echo sports writer is inclined to agree with Charles Paddock, who thinks it funny that his amateur standing should be questioned just as his name is placed on the list of the Olympic team. The racer was permitted to participate in several public events designed to collect funds for the Olympic team. He seemed to be amateur enough then to contribute his part of the program. It is said that objection has been made to the fact that Paddock toured the country with a motion picture in which he starred. He says he got no money.

Can An Amateur Stay?
The truth of the matter is that the whole amateur status business needs clarification. Personally the sports writer of The Echo is not so strong for it as it exists. We admire the amateur spirit but do not like to see it limited to men and women of unlimited means. Once an amateur gets to the top of his competition it will take darn near his whole time to stay there, and if he makes "staying there" his life work he is about as near a professional as anybody else, regardless of whether he gets money or not. What chance has an occasional athlete?

Reading Across The Atlantic.
The great oceanic yacht race, from New York to Santander, Spain, is under way with five entries speeding across the Atlantic in an effort to cop the cup offered by the King of Spain. Just how long it will take the winner to get into port is problematical; the race began from New York Saturday, July 7th, and the boats, when last heard from, were fairly well grounded.

Interest In Ring Lacking.
The Tunney-Heenev bout is not setting the woods on fire, regardless

of the optimistic statements of the promoters. There does not seem to be much interest in the outcome of the fight, which is to be settled as the Echo goes to press. We have already given our opinion on the fight in a previous article. It stands still, or still stands, as you may prefer.

For The Stars and Stripes.
The greatest Olympic team that ever represented the United States is on the Atlantic, enroute to Holland, where they will attempt to win the major sports events for the benefit of the Stars and Stripes. The color of this country will be carried by 268 athletes, of which 39 are women. Keen rivalry is expected in the games. Germany will have a strong team, Finland, Sweden, France and Great Britain will do all they can to prevent another Yankee triumph. Germany and England will furnish the major opposition. Finland will be heard from in the long distance running, Sweden, England and South Africa will try to beat the hurdles, while Germany, Finland and Sweden will be strong in the decathlon, weights, javelin, relay and discus specialists, like shot put and discus.

St. Louis Leads in League.
St. Louis retains her leading position in the National League and shows signs of being able to make her position secure. They will show up in the next three or four weeks. However, with five teams playing better than 500 per cent the National race remains a pretty spectacle. In the American fight the Yankees, while occasionally showing signs of poor pitching, continue to maintain a commanding lead. Unless the hurlers absolutely blow up there isn't anything else to the contest in the junior circuit.

D. Stephens, who is a candidate to succeed himself to the United States senate.

Congressmen as well as highway commissioners will be selected in each of the eight congressional districts.

When the democratic state executive committee meets to promulgate the rules and regulations for holding the August primary, Judge W. D. Anderson, associate justice of the supreme court from the northern district, will be declared the nominee without opposition.

In the southern district there are three candidates to rule a vacancy caused by the death of Justice John B. Holden.

Under the law, Governor Dennis Murphree appointed W. J. Pack, of Laurel, to serve until 1929, at which time the winner in the election this year will take the bench.

Judge Pack is a candidate for the unexpired term of Judge Holden, with Chancellor V. A. Griffith of Gulfport, and Chancellor R. W. Cutler, of Magnolia, also seeking the seat on the supreme court bench.

"Are you the Joshua that made the sun stop?"

"Naw, suh—Is de one what made de moonshine."

CLEMENT BONTOMPS POST TO STAGE FIRST BOXING SHOW IN CITY, THURSDAY

American Legion to Present Card at New Arena—First Exhibition to Be Given Under New State Law—Returns Tunney Fight to Be Received

The Clement R. Bontemps Post No. 139 American Legion will stage its first boxing show of the season on Thursday night, July 26th, 1928, at 8 P. M., at its new arena, Sycamore and Hancock streets. Contractor Ed Osbourn has a force of men at work on the arena which is an open air outfit and will have same completed for the opening date.

The Legion is offering an attractive card for the opening show, which will be a ten round affair between Sailor Blaque, the well known New Orleans boxer and Buster Malini, the favorite of the Gulf Coast. Buster has a large following on the Coast who will be on hand to witness him continue his winning streak. Blaque recently defeated Billy Achten at Lafayette in a 15 rounder. He has ten straight knock-outs to his credit.

The semi-windup will find "Little Boy" Peterson of Kiln, Miss., battling Young Cucurulla of Gulfport, Miss. Both boys are evenly matched and a great scrap is in store for those who attend.

A good four round preliminary is also on the card.

As an added attraction for opening night Promoter H. F. Egloff, who is handling the bout, and the Legion, has arranged to secure the returns of the Tunney-Heenev fight by radio at the ringside.

A TOAST.

Here is a toast that I want to drink to a fellow I'll never know—

To the fellow who's going to take my place when it's time for me to go. I've wondered what kind of a chap he'll be and I've wished I could take his hand.

Just to whisper, "I wish you well, old man," in a way he'd understand. I'd like to give him the cheering word that I've longed at times to hear;

I'd like to give him the warm hand-clasp when never a friend seemed near. I've learned by knowledge by sheer hard work, and I wish I could pass it on.

To the fellow who'll come to take my place some day when I am gone. Will he see all the sad mistakes I've made and note all the battles lost?

Will he ever guess of the tears they caused or the heartaches which they cost?

Will he gaze through the failures and fruitless toil to the underlying plan?

And catch a glimpse of the real intent and the heart of the vanquished man?

I dare to hope he may pause some day, as he toils as I have wrought.

And give some strength for his weary task from the battles which I have fought.

But I've only the task itself to leave with the cares for him to face, And never a cheering word may speak to the fellow who'll take my place.

Then here's to your health, old chap. I'll drink as a bridegroom to his bride;

I leave an unfinished task for you, but God knows how I tried. I've dreamed my dreams, as all men do, but never a one came true, And my prayer today is that all the dreams may be realized by you.

And we'll meet some day in the great unknown—out in the realm of space;

You'll know my clasp as I take your hand and gaze in your tired face. Then all our failures will be success in the light of the new-found dawn—

So I'm drinking your health, old chap, who'll take my place when I'm gone.—Unidentified.

MACCABEES DEFEAT LAKESHORE.

In a strongly contested 10 inning game the Maccabees came out victorious over Lakeshore by a score of 3 to 2 in St. Stanislaus Stadium on Sunday, July 15, before a very good crowd. The Lakeshore team was very much reinforced with such good ball players as D. Fayard, G. Price, Wallace Bontemps and H. Glover, the latter two being St. Stanislaus products, but the Maccabees were very much aware as to the ability of these good ball players and shifted their boys around the field and sent them out to win. All in all it was a close game and took ten innings to decide the winner; but the Bees were swarming in their last half of the 10th, with the heavy artillery up. H. Chann led off in the 10th getting safe; Egloff played out; J. Collier walked; Russell ladder up. Game held up while manager was looking up score book to see if Maccabees were rushing batters. Everything was all O. K. as umpire called game Russell slaps one out and brings in the winning run. The end of a hard game.

Maccabees—	AB	R	H	E
T. Luc, lf.	2	0	0	0
J. Collier, lf.	3	0	0	0

ALL the world swims in Jantzen

THROUGHOUT North and South America and at the pools and shores of other lands, Jantzen are notably popular with folks who swim.

Indeed, "swimming's the thing" these days almost everywhere. And it's so much easier to swim in a Jantzen—warm, snug, flexible. You'll marvel at the matchless... wrinkleless fit.

Jantzen material, consisting entirely of long-fibred wool, is tightly knitted by a process called Jantzen-stitch. It is extremely elastic.

And Jantzen's system of sizing by weight assures you the right size to start with. We have all the popular colors and styles in every size. And being dyed-in-the-wool, they're color-fast.

Men's Jantzens.....\$6.00
Women's Jantzens.....\$6.00
Children's Jantzens.....\$3.00

Jos. O. Mauffray

The suit that changed bathing to swimming

YOUR GARDEN.

Second Bloom From Perennials.

Many of the perennials will give you a second crop of flowers if you will treat them right. When the flowers upon the Pyrethrum fade if you will cut them back to about five inches from the ground, dig in a good handful of steamed bonemeal, water them well and mulch to keep the soil cool, you will be rewarded with a second bloom. They will bloom more or less till fall. Pyrethrum, particularly the pink shades are very choice and the second bloom will be welcome.

The same procedure will work with delphinium, hollyhock, Iceland poppies and many other things. Never try it with peonies as it might be fatal to the plants. In the summer when the perennial phlox has had its first grand display of color, cut it back before it goes to seed and it will give you a second blooming almost as good as the first. The nyctagis or forget-me-not will do much better if cut back in the summer. Even without it you will have some bloom, but cutting back and feeding will make it come all the stronger.

Coropsis, shasta daisy (not all varieties), many of the pink wallflowers and violas will all respond to this treatment.

Many of the annuals are greatly benefited if you will cut them back, feed, water and mulch them. Their nature is to grow well in the spring when the ground is cool and the mulching and watering helps them. If you are afraid to try it with all your plants, try it out with a few of them and you will see for yourself. There are many things to learn about gardening, and each year you should try to add to your garden knowledge.

Wonder in Agriculture.

Every day new discoveries are being made and in the field of agriculture this is especially true.

There is no telling what scientists will find out next as the results of some very interesting experiments just announced show that the field of scientific investigation in agriculture has just been scratched and men are learning each day new ways to help nature improve its methods.

Captain H. R. Zimmer, out in Saw-Teal, California, has greatly stimulated plant growth by painting the inside of flowers with very small quantities of radium.

At the University of California, Prof. W. F. Gericke, plant physiologist, announces the discovery of a method of fertilizing seed on a large scale, making fertilization of soil unnecessary, so that phosphates are concerned, the seeds being treated with phosphate salts and grown successfully on soils lacking in phosphates.

Other scientists have succeeded in growing wheat without soil or sunlight, wholly in water and by artificial light, greatly decreasing the normal period of maturity.

Dr. M. C. Harding, of Atlanta, Ga., says that he is conducting a series of experiments in seed selection and plant stimulation by the use of electrical instruments. By treating the seed he claims to be able to pick out those of strong germinating qualities and that the growth of plants can be greatly stimulated by the use of certain apparatus.

There is no telling what they will discover next—perhaps they will find out a fool proof plant by which all farmers can operate profitably every year.

Pearlington Home Makers' Club.

The Home Makers' Club met at the home of E. A. Vaughns. The meeting opened at 1 p. m. with a good number in attendance and one new member enrolled. 5 jars of fig preserves, 8 glasses of mint jelly were made by club members. The home demonstration agent, Beulah Rainey, gave demonstration in canning of fancy packed jars of okra. Had a visitor, Miss Thelma Clement, of Jackson, Miss. After the work had been completed the hostess served iced lemonade and cake. Each member is delighted to see the club work and happy to attend weekly meetings.

Negro Methodists at Pearlington.

The pastor and members of the negro Methodist church at Pearlington, have received a number of gifts from white friends including donations as follows: Capt. and Mrs. A. Hursey, \$10 each and their children \$1, John Buyer, \$5 and his mother \$2. The people of this church extend their thanks for these gifts.

The pastor and his wife were given a shower Saturday night by members of the church in which 65 pounds of groceries were presented to them, and they were very happy over this expression of kindness, extending their thanks to those who under the direction of Viola Walker prepared the shower.

Simple.
Your boy invades a neighbor's yard and spansks him and you go after the neighbor. That's the Chinese situation.—Buffalo News.

Now and Then.
Now is the time when the candidates have their ears to the ground. After the convention most of them will have their back there.—Boston Herald.

Just Five Years.
The way things are going, it is only going to take about five more years for those artists who design women's dresses to work themselves out of jobs.—Louisville Times.

True to Form.
There are fears that cornstalks floating down the Wabash flood will spread the corn borer. If the darned thing were a beneficent worm it would drown.—Indianapolis News.

Hints for the Home by Nancy Hart

With just a little planning—and not much expense—the porch can be made the beauty spot of the home for all summer hours.

Colorful lacquers in the new shades are very easy to apply. Gay cretonnes for slip covers can be had as low as 23 cents a yard. The brilliant table established on the porch with chairs in place for a game at once suggests a good time. And of all the beverage trays seen in the shops this season, the prettiest was a simple tin tray enameled in red, with an English hunting print applied in the center and shelleaked to protect it.

Quaint flower prints also lend themselves well to this treatment; likewise many Japanese and Chinese prints.

The well-dressed porch is a compelling invitation to interesting friends; as they drive by, while the barren porch promises but a dismal time. Let's think it over.

Ripe Apricot Jam
Do not peel, but slice, pit and crush well about 2 pounds of ripe fruit. Measure 3 1/2 level cups crushed fruit into a large kettle. Add 7 level cups and mix well. Use hottest fire and stir constantly before and while boiling. Bring to full rolling boil and boil hard for one minute. Remove, stir in 1-2 cup liquid pectin; skim, pour quickly and cover hot jam at once with hot melted paraffin.

Economical Hint When Canning
When measuring out ingredients for mixed pickles, pepper hash or chow chow, do not discard bits of this and that left over from accurate measuring, but turn these remnants into individual molds with lemon-flavored gelatin, and you will have a number of quick salads that will keep perfectly for several days in the ice box.

Piece de Resistance for Meatless Meals

Remember that a hearty egg dish is an excellent substitute for meat and try this combination next time you plan a meatless meal.

Cool Coffee Concoction

For a delicious coffee frappe use four cups strong coffee, one cup rich cream and half cup of sugar. Mix well and freeze until consistency of heavy cream. Serve in tall glasses with whipped cream. Either natural or decaffeinated coffee or one of the cereal beverages may be used for this frappe.

Quick Shine for Windows

Save all tissue paper that comes into the house with packages and use to wipe the windows. This gives an excellent quick shine.

A Good Pan-Handler

You will find a button hook kept near the stove provides a most convenient help in handling hot pans in the oven.

Sure-Fire Matches for Camping
You can protect matches against dampness while camping if you dip the heads in paraffin. The wax melts when match is struck and further assists the flame.

Removing Specks From Silver

A good home-made silver polish can be made from whiting and olive oil. This quickly removes all specks and stains.

To Stiffen White Organdie

In laundering the children's white organdie frocks, do not use starch for stiffening, but rinse cloth in a strong solution of salt water and iron while damp.

'Tis the month of gifts and surprises—gifts for the bride and the graduate; the Bon Voyage gift; remembrances for vacation and weekend trips.

And in most households the question of "What shall the gift be?" is so all important that the question of "How shall it go?" will be forgotten until the last moment.

Remembering previous scrambles for pretty wrappings, let us be prepared this time with a small supply of accessories that the simple gift to make a good impression.

There should be on hand a few sheets of fancy paper, a bolt of ribbon or perhaps monogram seals in silver or gold. And above all things—there should be suitable greeting cards, to rub the daintiness and art message of a well chosen greeting card give a personal touch that the visiting card is powerless to convey.

Spanish Corn Pudding
A delicious recipe that can be made in a hurry from provisions on the emergency shelf.

Use a can (2 1/2 cups) green corn, 1-4 chopped green pepper, 2 tablespoons chopped pimiento, 1 tablespoon chopped onion, 1 teaspoon salt, 2 eggs, beaten, and 1-2 cup sweetened condensed milk. Blend thoroughly, pour into buttered baking dish and bake in moderate oven 25 minutes.

A SPRING ONION TIP.

It is said that a cup of strong coffee will remove the odor of onions from the breath.

Disperses Cooking Odors
Burnt coffee grounds will free the house from cooking odors.

"Don't you find it difficult to keep your accounts straight?"
"Yes, indeed; why, this month I had to put in four mistakes to make mine balance."—Aussie.

Motorcycle. Cup—What's your name?
Girl Autoist—Ma! What's yours?

"Isn't Jenkins fond of arguing?"
"I should say he is—why, he won't even eat anything that agrees with him!"—Southport Visitor.

Scots Sar'n Major—When I give the command, the squad will stand fast 'till the fourth syllable of the Wurr'd "tur-r-r-r."
